

## Senate Clears Deck To Tackle Tax Next Week

LANSING (AP) — The Senate cleared away an assortment of minor bills Friday, hoping to tackle next week the real meat of the legislative session—Gov. George Romney's income tax package.

Sen. Harry DeMaso, R-Battle Creek, Taxation Committee chairman, said he plans to start talking with Senate leaders of both parties next week in hopes of reaching agreement on an acceptable tax package.

The senate will return Monday night.

A bill providing for general reform of the state inheritance tax law, which has not been extensively revised since before the turn of the century, failed passage on a 15-13 vote.

### Water Bill Passes

DeMaso said, however, he hopes to revive the measure next week. Sen. Coleman Young, D-Detroit, sponsor of the bill, was not present to defend it.

A bill bringing all but the smallest of the state's water companies under jurisdiction of the State Public Service Commission was passed and sent to the House for agreement with amendments.

Only companies with less than 175 customers would be exempt from regulation under the bill. The measure does not affect Detroit's water system.

### GIS Hunt Free

A bill granting free hunting licenses to servicemen home on furlough was sent to the governor for signing.

Among other bills sent to the governor for signing were ones to:

—Increase the license fee for real estate operators and change the license period from three years to one.

—Require records of real estate agents to be open for inspection by the State Insurance Commission.

—Permit Michigan banks to enter into business transactions with foreign and international banks.

—Permit community hospital authorities to issue full faith and credit bonds.

—Permit cattle to be exhibited without a certificate that they are free from tuberculosis and brucellosis.

## Ike Better, Is 'Up And Around'

WASHINGTON (AP) — Former President Dwight D. Eisenhower was "up and around" and "feeling good," his wife commented in a report on his recuperation from a stomach ailment.

Mrs. Eisenhower spoke Friday to Mrs. Lyndon B. Johnson at a White House luncheon and said the general was "much better this morning" and looking forward to solid food.

"Thursday he had some soup, and he said he never thought water would taste so good," she related.

He entered Walter Reed Army Hospital last Saturday night. Friday's official medical report said Eisenhower continues to improve and was up and around his room. There was no word on when he would leave the hospital.

### Weather

# May Car Sales Soar After 8 Mos. Slump

VICE PRESIDENT Hubert H. Humphrey arriving in Michigan Friday for a meeting with mayors, businessmen and labor leaders. He is being greeted by Detroit Mayor Jerome Cavanagh. (AP Wirephoto)

## 24 Pct. Increase Logged In First Part Of Month

DETROIT (AP) — Paced by a record General Motors surge and aided by an extra selling day, U.S. auto sales in the first 10 days of May zoomed to a solid increase — the first time in eight months that sales exceeded those in the comparable period a year earlier.

The industry reported Friday that May 1-10 sales totaled 253,949 cars as compared with 153,306 for the same period in 1966, an increase of more than 60,000 cars or 24 per cent. There were nine selling days this year compared with eight last year.

The boom in the sales picture was predicted last Monday when Chrysler Corp. Chairman Lynn Townsend told a Houston, Tex., audience that "all evidence at hand indicates that the spring upturn we've been waiting for is already with us."

### All Four Gain

Townsend said worry about inflation has been reduced by a slower rise in the consumer price index, a reduction in bank interest rates and conjecture about tax measures beneficial to business and industry pending before the Senate.

All four U.S. automakers reported increases in all divisions, including several records for the period. Financially troubled American Motors produced its best 10-day selling period in five months after reducing the price of its Rambler American model by about \$200 in February.

Sales in the April 21-30 period were 244,849.

However, calendar year-to-date sales for the industry continued to lag behind the Jan. 1-May 10 period of a year ago by nearly 447,000 cars. Total passenger car sales were 2,713,801 this year compared with 3,169,763 in 1966.

### GM Record

GM's 149,797 sales set a record for any 10-day period and were up 35 per cent over the 97,075 cars sold for the May 1-10 period last year.

Chevrolet sales jumped 40 per cent to 69,655 from the 49,533 in the first 10 days of May, 1966. Pontiac sales more than tripled to 41,901 from 14,986 last year.

A GM spokesman said Pontiac closed out a sales campaign May 10 while Chevrolet began a stepped-up sales effort May 1.

"This upward trend in passenger car sales is illustrated by the fact that the daily rate of sales in the first period of May 1 was 18.1 per cent over the first period of April," said H.E. Crawford, GM vice president for marketing. "The daily rate last year in the first period of May was down 9.9 per cent from the first period of April."

### Ford, Am. Chrysler

The first May sales report showed Ford Motor Co. at 60,071 compared with 59,224 for the same period last year. Chrysler was up 38,039 from 31,248 and AMC 6,041 from 5,759.

The Ford increase was a modest two per cent compared with

# Humphrey Garners Youth Aid Pledges

DETROIT (AP) — Vice President Hubert H. Humphrey, who came to Michigan looking for help, passed out some himself Friday.

The vice president endorsed Democratic James P. Hoffa, son of jailed teamsters Union President James R. Hoffa, for election to the Michigan House of Representatives.

He gave Detroit Mayor Jerome P. Cavanagh, object of a recall movement by Councilwoman Mary V. Beck, expensive television exposure as his host, and told at least one audience: "My personal attitude toward your mayor is one of great affection, high respect and admiration."

Humphrey announced a \$222,630 Department of Labor grant to finance Detroit police cadet and youth service programs for the next year.

On the other hand, the vice president got separate pledges from Mayor Cavanagh and Michigan's Democratic leaders that they will support the Johnson Administration's push for a \$75 million supplemental appropriation for programs aimed at keeping underprivileged youths occupied and happy this summer.

Humphrey also said he got "complete cooperation and assurances" when he asked top executives of the nation's four automobile companies for assistance in the youth programs.

See Safety Test  
"I asked them," he said following a luncheon meeting to which newsmen were barred,

# Romney Counts On Brooke Aid

WASHINGTON (AP) — and options open in the early phases of maneuvering over the 1968 Republican nomination for the White House.

But the men around Romney will be surprised if the Massachusetts senator — the first Negro ever popularly elected to that body — does not wind up as a reasonably early advocate of nomination for the Michigan governor.

"He's made no commitments, publicly or privately," one Brooke associate said. "Romney strategists say the same thing."

Nevertheless, there are close ties between the two men, who personally campaigned in each other's behalf in 1964 Michigan and Massachusetts elections.

The conferences and the general agreement on issues have led to speculation that Brooke might be considered as a potential Romney running mate.

Brooke's only response to that talk is that he wants to be "a good senator from Massachusetts."

"I believe we will top parades in the past," he said. "There will be tens of thousands of marchers."

The parade committee said Friday it had received endorsements from former President Dwight D. Eisenhower, Richard

Ray Gimmier

M. Nixon and Gen. William Westmoreland, commander of U.S. forces in Vietnam.

The event will be broadcast in Vietnam by Armed Forces Radio.

# March Supports Boys In Vietnam

NEW YORK (AP) — Ray Gimmier, the New York City fire captain who organized the "Support Our Boys in Vietnam" parade, predicts tens of thousands will turn out to march down Fifth Avenue today.

Delegations from veterans, labor, civic, fraternal and other groups have pledged to participate in the parade, scheduled to step off from 95th street at noon.

The Weather Bureau predicted cloudy skies with a chance of showers late in the afternoon or evening.

Gimmier said Friday he did not intend to let the possibility of rain dampen preparations for the parade. Though declining to predict exact numbers, he said he was confident of a large turnout.

"I believe we will top parades in the past," he said. "There will be tens of thousands of marchers."

The parade committee said Friday it had received endorsements from former President Dwight D. Eisenhower, Richard

### Heads Academy

BOSTON (AP) — This year's president of the American Academy of Arts and Sciences is Robert Parsons, chairman of the Department of Social Relations at Harvard.

### Today's Chuckle

A lot of trouble in this world is caused by combining a narrow mind with a wide mouth.

PILGRIMS EDGE FORWARD on their knees across an esplanade as they make their way to a small chapel at the shrine of Fatima in Portugal. Pope Paul VI will visit the shrine today to lead more than two million pilgrims in prayers for peace. (AP Wirephoto by cable from Fatima)

# Pope's Plea: End Wars And Hunger

FATIMA, Portugal (AP) — On a hillside venerated as the scene of a miracle, Pope Paul VI prayed today for an end to war and hunger in the world.

A throng estimated by police to number a million knelt in prayer as the pontiff celebrated an outdoor Mass on the spot where three shepherd children said they saw the Virgin Mary appear exactly 50 years ago today and appeal for peace in the world.

In his sermon — the chief address of his half-day visit — Pope Paul appealed for world peace, saying the world is in danger. He contended also that moral progress is not keeping pace with scientific progress.

"Do not contemplate projects of destruction and of death, of revolution and of suppression, but think rather of projects of mutual strengthening and of solid collaborations," he said.

The Pope had left Rome only hours before. He arrived in a rainstorm at a military airport near Fatima and rode 25 miles to the shrine in an open car, waving to crowds along the way.

### 3 Million Greeters

Police said about three million persons were at the airport, along the route to Fatima and at Fatima itself. They said a million of them were jammed around the shrine.

Crowds cheered and waved white handkerchiefs as the Pope rode by. He waved back, with his motorcade going at a slow pace.

It was the pontiff's fourth trip outside Italy in his four years of reign. Bells pealed in every Catholic church in Portugal, a predominantly Roman Catholic nation, as a silver Portuguese carline assigned to the Pope set down at the military airfield at Monte Real.

Greeted by President Americo Thomaz, the Pope said he had come to Portugal "with the humility and fervor of a pilgrim who faces a long trip."

Then Pope Paul, despite the showers, got into an open car, and standing erect in the rear seat, began the 25-mile drive to the shrine.

There his schedule called for a two-hour open-air Mass, papal blessing of the sick and crippled, luncheon and a talk with Prime Minister Antonio de Oliveira Salazar.

Although the Pope said his trip was "in a spirit of penitence and prayer," political soundings from Africa and elsewhere made the pilgrimage more controversial than any of

his previous three trips. These were to the Holy Land in January 1964, to the International Eucharistic Congress at Bombay, India, in December 1964 and to the United Nations in New York in October 1965 where Paul pleaded, "No more war, war never again."

Hundreds of thousands of pilgrims, weary from all-night prayers on the immense candlelit esplanade near the Fatima basilica, gathered to be blessed at the shrine.

"Moreover, a great part of humanity is still in a state of need and of hunger, while it has been awakened to the disturbing consciousness of its own need and well being which surrounds it," he said. "Therefore, we say the world is in danger."

"For this reason we have come to the feet of the Queen of Peace to ask her for the gift, which only God can give, of peace."

In a welcoming speech President Tomas told the Pope: "Being at the same time sovereign and servant of the pilgrims, Your Holiness marks by his presence in Fatima a dramatic moment in the spiritual and moral life of the world."

# Hanoi Defense Downs 3 U.S. Raiding Planes

SAIGON (AP) — American armmen bombing within five miles of Hanoi met heavy fire from Red guns, missiles and jets Friday. Three U.S. Air Force planes were downed.

Military headquarters said practically every strike in the

## Down 7 MIGs

SAIGON (AP) — Sweeping the skies over North Vietnam, U.S. warplanes knocked down seven Communist MIG17 jet fighters today, the U.S. Air Force said. Two other MIGs were listed as probably destroyed.

The Air Force said the Communist planes were shot down during strikes in the Hanoi area.

Hanoi area was jumped by Communist MIG. One of the jet jets, a Phantom F-4C, was downed by the Red's slower MIG17.

The other two U.S. aircraft lost were slower Thunderbolt F-4E fighters. One was shot down by ground fire and the other by a "random cause."

Five aircraft were listed as missing in action.

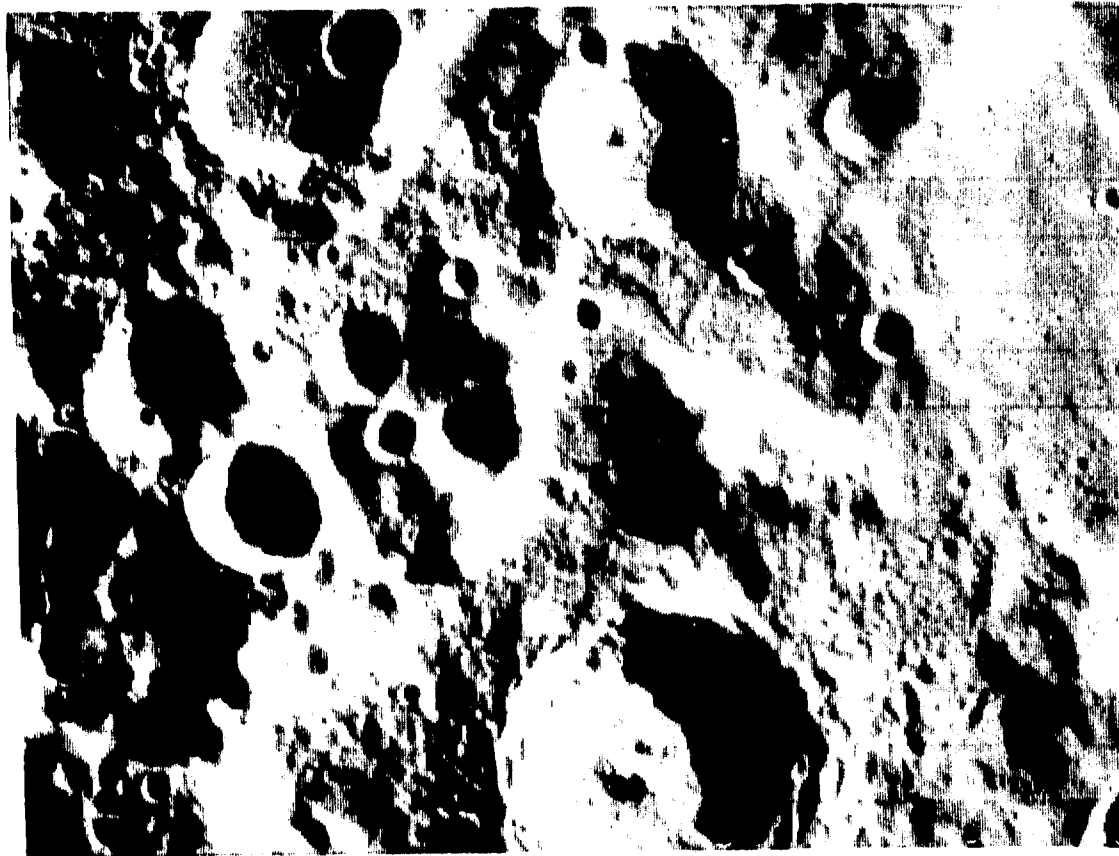

The U.S. flight to 539 the U.S. planes lost over North Vietnam. In aerial dogfights the MIGs have now downed 16 U.S. planes while losing 49 Red aircraft.

The intended air war was marked by heavy ground fighting in South Vietnam, mainly along the 17th Parallel, where division Vietnam.

The most sensitive targets for the 123 strike missions in an Friday were a storage area four miles from downtown Hanoi, and an army barracks an equal distance southwest of the capital.

Returning to their bases in Thailand, pilots reported that smoke was rising 1,500 feet over Hanoi's outskirts as the raiders waged on, they said.

Striking even deeper into North Vietnam, a Thunderbolt F-4E strike plane hit a SAM site 63 miles up the Red River Valley from Hanoi. Evidently the bombs hit a warhead storage area. Smoke was billowing 7,000 feet in the air after the raid, pilots said.

## Crucial School Vote On Monday

Rapid River School District—embracing Masonville, Bay de Noc and Ensign townships in Delta County—votes Monday on a proposal to levy a 5 mill tax for three years for school operation.

The tax, says President Waldon Johnson, Jr., of the board of education, is a crucial one for school quality in the district. Rapid River lost its school accreditation last year and the added income would go in part for improvements looking to recertification of the district.

The district gets most of its income from the state, which requires a local levy of 10 mills for full state aid in 1966, 11 mills in 1967 and 12 mills in 1968. The district got full

state aid in 1966 with the aid of the townships, which gave up part of their tax allocation to help the district make up the full 10 mills of local levy for full state aid. This emergency aid cannot be counted on enduringly.

The school district got \$130,000 in state aid and \$59,300 in local taxes, and levied a separate tax of 2.8 mills to pay off the debt on the new elementary school. (Only millage for operation qualifies for state aid.)

The district faces a prospect of being short 1.3 mills of the millage needed for full state aid in 1967-68. One year from now its 3 mill tax for operation expires and the minimum local tax for full state aid jumps to 12 mills. With this year's shortage added, the district will be short again by 0.3 mill, even with the 5 mills of the Monday election issue voted.

The district expects a \$7,000 deficit at the end of the current year as result of its up-grading of school services and staff increases. To meet this debt and qualify for full state aid it needs the 5 mills proposed in Monday's election. Five mills means \$5 a year on a tax valuation of \$1,000.

Deadline on filing nominating petitions for the board of education in the June 12 election is Monday, May 15. Ernest Vanderhoff is a candidate for re-election, but Mrs. Loyal Sigfrids, appointed to succeed Cy Hebert, resigned, will not be a candidate.

Andean mines in Bolivia produce more than 15 per cent of the world's tin supply.

## Spacecraft On Way Here

Ever wonder what a Gemini spacecraft looks like up close? Well, you can stop wondering and start looking.

A full-scale model of the two-man capsule which started in 12 historic space flight missions will be on display in Escanaba for the U. P. Legion convention June 15-18.

On loan from the National Aeronautics and Space Administration, the exhibit is sponsored locally by the American Legion Cloverland Post 182 of Escanaba.

Except for a few changes in design to permit easier viewing of the interior, the model is a faithful replica of the spacecraft in which "Gus" Grissom, Walter Schirra and the other Gemini pioneers wrote some thrilling chapters in the history of space exploration. All you need is a little imagination to experience what an astronaut feels when he assumes the "launch mode" and blasts off for a ride in space.

A color film of Gemini-4 Astronaut Edward H. White's 21-minute walk in space will be shown to help complete the illusion.

The Gemini series of earth orbital flights ended in November 1966 after scoring feats of rendezvous and docking in space which were essential preliminaries for the current Apollo lunar program. Under Apollo three astronauts will fly to the moon and back before 1970.

"Get In Dutch," meaning a great deal of trouble, started when Britain and Holland were battling for control of trade on the seas. The English tried to discredit everything Dutch by propaganda methods — thus everything Dutch was considered bad.

MARY ELLEN LARSON will represent Bay de Noc Community College in the Miss Michigan Junior College pageant at Muskegon on May 18-20. She is the daughter of Mr. and Mrs. Gilbert Larson of 712 Montana Ave., Gladstone, and will graduate from Bay de Noc this month with an Associate of Arts degree.

## College Queen In State Race

A slender dark-haired Gladstone girl, Miss Ellen Larson, 19, will represent Bay de Noc Community College in statewide competition for the Miss Michigan Junior College pageant queen title at Muskegon on May 18-20.

Miss Larson will receive her Associate of Arts degree from Bay de Noc this month and will enroll next fall in Central Michigan University. She plans to become a teacher.

The daughter of Mr. and Mrs. Gilbert Larson of Gladstone, she is an honor graduate of Gladstone High School, and is active in Student government and as a member of the Bay Beacon staff at the College.

Eleven junior colleges have queen candidates entered in the pageant to be held in Muskegon, where the prize will be scholarships and the opportunity to compete in the Miss Michigan contest.

Mary Ellen will sing folk songs and accompany herself on the guitar as her talent demonstration for the Junior College pageant, Miss Dolores

## Mrs. LaFave Of Escanaba Dies

Mrs. Margaret LaFave of 1304 2nd Ave. S., Escanaba, a resident of this community for many years, died at 9:30 a. m. Friday in St. Francis Hospital. She was 89 years old and had been ill for the past six weeks.

Born at Fayette on Aug. 8, 1877, she came to Escanaba as a child 82 years ago. She was the daughter of a pioneer Delta County family and her parents were John and Harriet Russell.

She was a member of St. Patrick's Church. She was married to Louis D. LaFave on Aug. 11, 1895. He died July 18, 1936.

Mrs. LaFave is survived by one son, Louis, of Escanaba; five daughters, Mrs. E. W. (Agnes) Quackenbush, St. Paul, Minn.; Miss Olive at home; Mrs. William E. (Marguerite) Trenkle of Dubuque, Iowa; Mrs. E. R. (Cecelia) Daniels, Escanaba; Miss Edith LaFave of St. Paul; one sister, Mrs. Marian Kaye of Chicago; three grandchildren and nine great-grandchildren.

Friends may call at the Alto Funeral Home from 3 to 9:30 p. m. Sunday. The Daughters of Isabella Rosary will be at 4 p. m. and the parish prayers at 8 p. m.

Funeral services will be held at St. Patrick's Church at 9 a. m. Monday with the Rev. Msgr. Martin B. Melican officiating. Burial will be in Holy Cross Cemetery.

## Four Deltans On Dean's List At Superior State

SAULT STE. MARIE—Lake Superior State College's dean's honor list of academic excellence names two Escanabans: Darlene Gustafson, a freshman in medical technology with a rating of 3.44 (4 is All-A), and Thomas Thorin, freshman in mechanical engineering technology, 3.29.

Diane Ducheny, of Gladstone, a sophomore in medical technology, score 3.06; Ronald Sikarskie, Manistique, a sophomore in mechanical engineering, 3; and William Debelak of Rapid River, a freshman in mechanical engineering technology, 3.25.

## Space-Age Town

COSMOS, Minn. (AP) — This community of 560 earth dwellers is trying to live up to its space age name. All streets have been given astronomical names like Mars, Jupiter, Pegasus and Comet. New signs tell that Minnesota 7 is Astro Boulevard and Minnesota 4 is Milky Way.

## Hospital

Charles Caron of 504 Wisconsin Ave., Gladstone is a patient at the Woods Veteran's Hospital in Milwaukee.

## Escanaba To Host Medical Seminar

Escanaba will host one of a series of state wide spring post-graduate medical education courses by the Michigan State Medical Society for area physicians.

Conducting the program on May 16 will be two University of Michigan Medical School professors. Thomas J. DeKornfeld, M.D., Associate Professor of Anesthesiology, will speak on "Inhalation Therapy." S. Martin Lindenauer, M.D., Instructor in Surgery, will discuss "Treatment of Recurrent Pelvic Neoplasm," (recurring abnormal growth in the pelvic area).

The program will begin at 4:30 with a clinic at St. Francis Hospital. Dinner will be served

at 6:30 at the Terrace with the evening program following.

The postgraduate courses are sponsored by the Michigan State Medical Society in cooperation with the University of Michigan, Wayne State University, and the Michigan Department of Health.

George D. Maniaci, M.D., Gladstone, is local chairman for this continuing education project.

## First Division Rating Won By Junior Musicians

High ratings were won by music students of the Escanaba Area Junior High School in the Junior High School Music Festival held in Ishpeming recently under sponsorship of the Upper Peninsula School Music Association.

The Junior High School 'A' Band, directed by David Laakso, was awarded a first division rating, as were soloists Sally DuFour and Myrna Rose, flute, Mary Pratt, saxophone, Martha Meyer, oboe, and David Anderson, tuba.

Ensembles all received first division ratings, the Brass Sextet, French Horn Quartet, Saxophone Quartet, and Clarinet Choir.

The Escanaba Area Junior High School String Orchestra, directed by Mrs. George Embs, received a first division rating. Violin soloists Mark Settelind and Ellen Foster received the first division rating as did the Seven Strings ensemble, and the String Ensemble received a second division rating.

The Area Junior High Chorus, directed by Mrs. Robert Chase, received a first division rating. Piano soloists Bob Jennings received a first and Bruce Bender a second division rating.

## Poetry Groups To Meet June 16

The National Federation of State Poetry Societies will hold its national conference on the campus of Lake Superior State College June 16-18.

One hundred fifty to 200 people are expected to attend the conference which will feature poetry and administrative workshops, election of officers, and an awards dinner.

Workshops June 16, will discuss form of poetry, syllable count forms, light verse, and current trends in poetry.

Administrative workshops, a "Who's Who Luncheon," in recognition of past presidents, honored guests and convention speakers, and an awards dinner are scheduled for June 17.

Election of new officers and an election dinner are slated for the final day of the conference.

Included in the activities will be Dr. Kenneth Heafield, president of the Michigan Poetry Society and former head of the English department at LSSC. Speakers will include Max Golightly, president of the National Federation of State Poetry Societies, and Dr. B. L. Fryxell, Michigan Tech. Workshop moderators will include Joseph Chervinski, editor of Peninsula Poets, and Eunice Pon LaSelle, literary consultant for the American Poetry League.

## U.S. Certifies Gladstone Plan

The workable program for community improvement of the City of Gladstone submitted to the federal government by the city's Housing Commission was approved Friday by the Dept. of Housing and Urban Development, according to Sen. Philip A. Hart.

The program was submitted in connection with the proposed development and construction of low-rent housing for the elderly in Gladstone.

City Manager H. J. Henriksen said today that the approval means that funds for planning, etc., will be available from the federal government, but before Gladstone can proceed the City Commission must first adopt certain codes required by the government. These include building, sanitation, electrical, plumbing and housing codes, he said.

Once these are passed by the commission and accepted by the government, then the city can begin preparation of plans and proceed with the project.

## Question Youths In Connection With Larcenies

Four Escanaba youths, three 17 years old and the fourth a juvenile, were questioned by State Police and Escanaba city police today in connection with their investigation of a car theft and a breaking and entering.

The automobile was stolen Thursday night from near St. Francis Hospital where it had been parked by Ronald Sundstrom of Bark River, Rte. 1.

It was found abandoned on Highway M 35 about five miles south of Escanaba at 1:30 a. m. Friday.

State Police reported that two of the young men were taken into custody on Friday and two others today and that they have admitted they drove the car away and abandoned it, after breaking a lock on a pump and taking gasoline from a farm north of Cornell.

Officers said the youths told them they had also broken into Ray's Bar at Cornell where 16 bottles of whiskey and some beer were taken. The whiskey was recovered.

Authorities said today that the youths were not involved in the breaking and entering of the Highland Golf Clubhouse where a quantity of beer was taken.

Officers were conferring with Prosecutor Nicholas P. Chapek today on the charges that will be brought against the three 17-year-olds.

## Passport

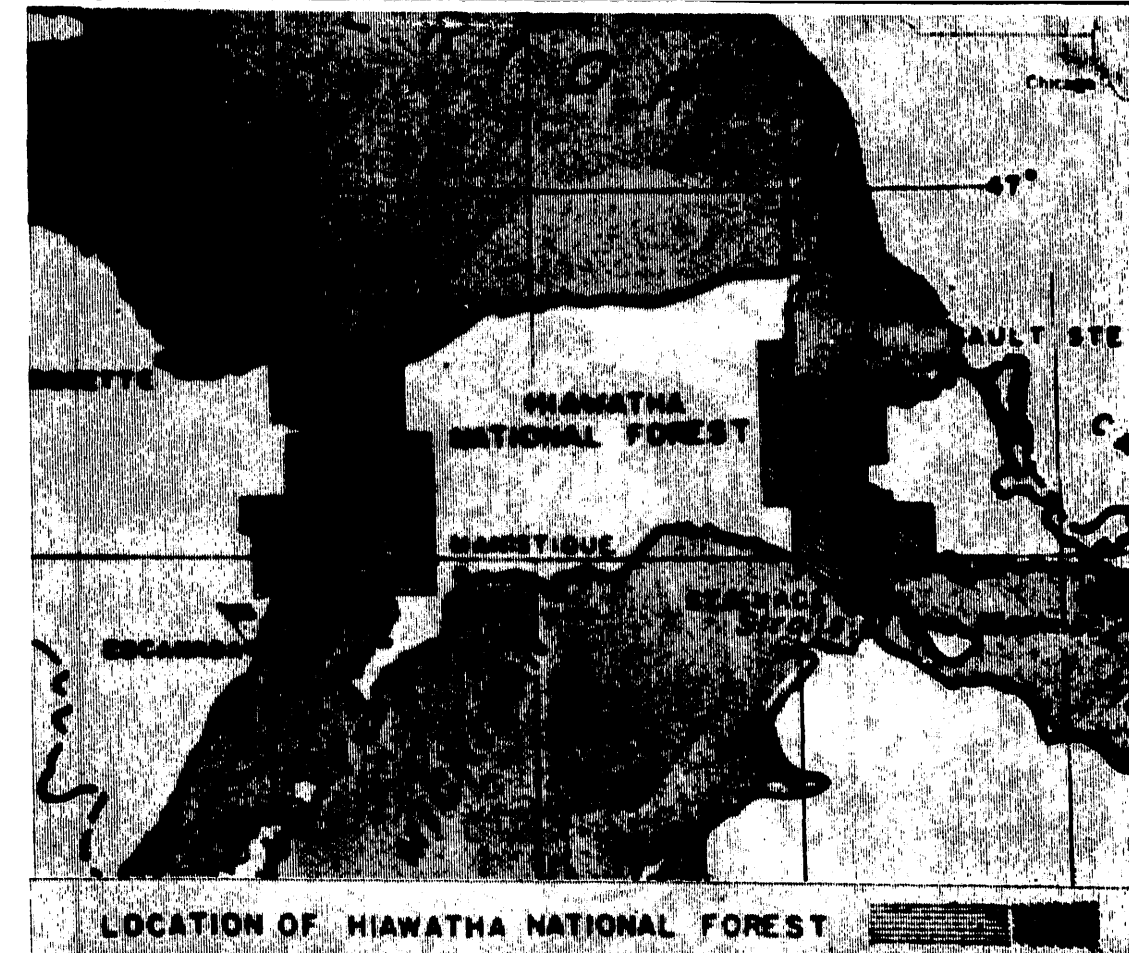

"National Forest Recreation Charge Areas in the Eastern Region," is the title of the booklet now available free of charge from the Hiawatha Forest Supervisor's office in the Federal Building, Escanaba, or any district ranger station. The booklet lists the improved recreation areas in the 17 national forests of the Eastern Region where the \$7 annual Golden Passport is the "key" for entry. It also has a map of the 20-State Region, showing the names and locations of the National Forests.

## Rapid River

Rapid River Juniors will present their Junior Class Play "The Egg and I", Tuesday, May 16, 8 p. m. at the Rapid River High School gymnasium. Tickets may be purchased from the members of the junior class or at the door. Mrs. Joanne Gillis is play director. The public is invited.

## Millage Vote

Rapid River Schools' 5 mills proposal will be voted on Monday, May 15 at the Rapid River School Area polls. Polls open 7 a. m. and closed at 8 p. m. at the Rapid River Fire Hall, Masonville Township; Ensign Township Hall, Ensign; Stonington Community Building, Bay de Noc.

## Hiawatha Offering Half Million Cords

The Hiawatha National Forest in the eastern Upper Peninsula is offering 500,000 cords of wood for sale in addition to its present cut, says Sherwood Trotter, supervisor of the forest, which extends from Escanaba to Sault Ste. Marie.

The wood being offered would be cut on 50,000 acres of federal government owned U. S. Forest Service land in the U. P. in a 15-year period. The wood would be a supplement for industry in addition to the 80,000 cords now being cut annually on the forest and would bring the forest's allowable cutting (mauring and ready-to-harvest timber) to the maximum permitted under the forest's current timber management plan. The forest has some old timber stands, but it is mostly in pole stage development.

## Sale By Volume

The 500,000 cords would be cut at a rate of 33,000 cords a year and wood would be offered in all the five ranger districts of the forest in this sale named "Borealis." The sale would be of species where increased cutting is desired for good forest management and the cutting areas would be called "blocks" and would range in size from 1,000 to 5,000 acres, and would be subdivided into two or more compartments to facilitate scheduling of cutting and administration of contracts.

Sales would be of specific volumes of timber, whereas the Forest Service's current practice is to sell the cutting rights on specific areas of forest land and not a specific volume of wood.

## Cutting Methods

Cutting methods to be prescribed would include clear cutting of all species, clear cutting of certain species above a stated size and clear cutting all other species, clear cutting all species within strips, and cutting only marked trees.

Foresters are locating areas that will produce the following average annual cuts in cords:

Rapid River Ranger District: hardwoods, 600; spruce 200; Manistique: aspen, 1,400; hardwoods, 1,200; spruce, 100; hemlock, 300; Munising: aspen, 500; hardwoods, 900; balsam, 200; hemlock, 1,200; a total of 6,600 cords from the western U. P. districts.

## Volumes Sought

Sault Ste. Marie: aspen, 700; hardwoods, 1,100; balsam, 2,900; spruce, 200; hemlock, 400; St. Ignace: aspen 11,000; hardwoods, 200; balsam, 2,400; spruce, 1,500; and hemlock, 100; a total of 26,800 cords for the two eastern districts.

A performance bond of 5 per cent of the stumpage value will be required. Construction of certain roads to specifications will create dollar credits which the purchaser can use as stumpage deposits.

Advertisement of the sale on sealed bids is planned for a 30-day period after July 1. The sale will be divided into three operating periods of five years each and stumpage rates will be redetermined at five-year intervals.

The sale is being offered, in addition to the forest's present supply of timber to industry, at the request of industries planning expanded operations and seeking a long-term commitment on wood needs.

The sale volumes being sought indicate the greater difficulty of marketing wood in the far eastern U. P. because of its distance from wood-using mills, as the larger volumes are in the Sault and St. Ignace ranger districts.

## Police Look To Teamsters

GRAND RAPIDS (AP)—Possible affiliation with the teamsters Union will be discussed Monday by members of the Fraternal Order of Police, bargaining agent for city policemen.

Loris Paffhausen, secretary of the FOP, said Friday the members "are definitely going to investigate the possibility and see what the Teamsters can do for us."

Negotiations with the city broke off Thursday after the FOP rejected the city's latest contract offer. Policemen want a 20 per cent boost in wages. The city has offered 10 per cent.

Escanaba Police officers are members of Teamsters Union Local 328.

The City of Escanaba has refused to recognize the Teamsters as bargaining representative for the officers, and the Michigan Labor Mediation Board has held the City is engaging in unfair labor practice because of this refusal.

The City is now in the process of filing an appeal to the Michigan Supreme Court from the Board ruling.

## In Service

John A. Fisher, son of Mr. and Mrs. John A. Fisher, 403 S. 8th St., has been promoted to A/2C. Airman Fisher is an administration specialist in charge of all TDY Officers Pay and is stationed at Davis Monthan Air Force Base, Tucson, Ariz.

## Two Garden Men Fined On Fish Law Violations

Two Garden men arrested by Conservation officers last Wednesday have paid fines and costs of over \$100 after pleading guilty to charges before Justice Ross Davis of Gladstone.

Jack C. Jones, 32, was fined \$20 and \$7.30 costs for using undersized mesh gill nets, \$15 and \$7.30 costs for fishing from an untagged boat, and \$25 and \$4.30 costs for failing to stop when hailed by an officer while operating a motorboat.

Officers said that between April 15 and May 30 it is illegal to set 2½ inch mesh gill nets.

Ossie Hazen, 69, paid a \$15 fine and \$7.30 costs for illegal possession of illegally taken fish. Officers said 213 pounds of perch seized were turned over to the school hot lunch program.

Legislation in the field of Social Security is considered by the U. S. House Committee on Ways and Means.

Our Taxes Climb

Taxes are going up at all levels of government. The federal government is proposing a 6 per cent surcharge on the income tax. The state is proposing a 2.5 per cent personal income tax. County government is more expensive than it ever has been before. Escanaba city government has just announced its budget and it is the subject of this editorial. Escanaba Area Public Schools face a financial problem as result of teacher pay raises and other costs which may create a deficit for inability to get public approval for enough tax money. Bay de Noc Community College seeks a millage increase.

Citizens wonder why government has to become so expensive. One of the chief reasons is that government is now catching up to private employment in pay raises and fringe benefits. There will be less government service or more taxes locally because of the bargaining process. This is equitable, but it is expensive and the people who have raised their own pay by bargaining will now be presented with the bill for it in government. Their increased pay won't buy any more government services than their old pay.

The City of Escanaba announces that it won't have to raise its tax rate to cover a budget which is nearly \$1 million larger than last year's. (The increase is mostly for construction of permanent installations in the city, like extension of the water system, a community building, airport work, etc.) No one should take much comfort in announcement that the tax rate will remain at \$14.50 per \$1,000 of assessed valuation because while the rate remains the same, the valuation has been increased \$4 million, (from \$30 to \$34 million) and this means an additional \$60,000 in city taxes that all taxpayers will share. Putting it in simple terms the boost in valuation has added 1.75 mills to the city tax bill, so its not really the same at 14.50 mills, it's 16.25 mills.

There's also a brand new tax added to your city statement. For the first time Escanaba will charge a fee for sewage disposal. It's called "waste water" disposal and where you've only been paying your water bill before you'll now be paying a water bill and a water disposal bill, which will be at the rate of 50 per cent of your winter water bill and 40 per cent of your summer water bill.

There is a bright note in the budget contributed by the Escanaba City Electric Department. It will contribute an estimated \$308,966 in earnings to the city general fund in the fiscal year 1966-67, and is expected to contribute \$66,715 more, or \$375,682, to the city next year. That is the equivalent of 11 mills of taxes that Escanabans don't have to pay because the electric system earnings contribute that amount. (The city says its electric rates are below the state average.) If the city didn't own its electric utility your city tax bill next year would be at the rate of 27.25 mills instead of 16.25 mills.

'Big Brother' To All

By RAY CROMLEY  
WASHINGTON — (NEA) — Some men talk as though the United States were caught in a trap in Vietnam. This is not so. The war in Vietnam has a purpose and a meaning. If we are to live in a world of reason and law—a peaceful world—the first law that must exist is that no nation can be allowed to use aggression to take over its neighbor. Without such a rule, no matter how many World Courts or Leagues of Nations or United Nations are established, there can be no peaceful world. If you are a decent citizen and see one man sneak up and start to kill another, you try to stop the killer. You do not ask if the man defending himself is a good man or a bad man. You do not ask if the man doing the aggressive killing is good or bad. The thing that must be done is to stop the aggression even if the aggressor gets killed in the process. But some people get so confused they call the man defending himself the aggressor when he hits back at the aggressor to defend himself. Whatever our other mistakes

**SQUARE**  
I am a Square and proud of it. Moses, the Hebrew prophets, Jesus of Nazareth, Socrates and many others would today be counted Squares.

I am also much concerned about the situation in our nation. I noticed on TV that ex-Governor George Wallace was driven from the stage when he spoke at Dartmouth College. Later, as he left the auditorium, his car was damaged. The hecklers were both Negro and white youths. This demonstration and others taking place in the nation are anarchy, pure and simple, and as un-American as communism and fascism.

It so happens that I do not see eye-to-eye with Mr. Wallace. It also happens that I do not see eye-to-eye with the kooks, beatniks and witless niks, who are carrying on these demonstrations. As an American it is my firm conviction that every person shall be permitted to speak his piece, whether I agree with him or not. To deny a person this right is to follow in the bloody footsteps of the dictators, whose chief stock in trade is muzzling free speech and free assembly. And it is high time that all the decent people of the U.S.A., whom, I am sure, outnumber the dissidents, wake up, otherwise the time may soon be at hand when they will be under the thumbs of the lunatic fringe.

However, there is another matter which is of equal importance with freedom of speech and freedom of assembly. This is courtesy and gratitude. I cannot help feel that the unrest in the schools and colleges is a result of improper home training, lack of good manners, lack of appreciation, lack of gratitude, for the things that the Squares have provided in the way of education and democracy. It is the Squares who have provided the schools and colleges, and it is my feeling that we have a right to expect that those for whom these schools and colleges were provided should appreciate our efforts.

We prevented the Japanese army and navy from successfully occupying China, Vietnam, Thailand, Indonesia and the Philippines in World War II. We stepped in to prevent an invasion of Lebanon and a take-over of the Dominican Republic by men recruited abroad. Now we are stopping Ho Chi Minh and North Vietnam from taking over South Vietnam by force with men led by the north, directed from the north, trained in the north and recruited all over Southeast Asia—that is from North Vietnam, Laos, Cambodia and South Vietnam.

Perhaps South Vietnam will want to unite with North Vietnam. But that must be a decision by the people—not by armies. Why must we be the policemen? The answer is simple: Because we are strong and the strong have an obligation to the weak. Because we are willing. It is not in us to stand by when something must be done.

Morris and Helen Portugal of Los Angeles are both great players in their own right. They don't play together often but when they do they are one of the strongest mixed pairs in the world. In today's hand they collaborated on a brilliant defense that managed to defeat an almost iron-clad contract. The play started normally enough with the lead of the jack of diamonds. South won with dummy's ace and cashed his ace and king of trumps. Then he discarded a spade on his king of diamonds and threw Morris, who sat West, on lead with the queen of trumps.

His first thought was to lead a spade. Had he done so South would have escaped without loss of a spade trick. His second thought was to lead the ace of clubs and hope to catch Helen with the king. He gave that plan up, also. That would set up three club tricks in dummy. The deuce was played from dummy and it became Helen's turn to study the hand. It looked like suicide to play her king. Whoever underled an ace through a dummy that held five of a suit to the queen-jack? Who ever led any card in a suit when dummy held five to the queen-jack?

Helen knew that her husband was not accustomed to making bad plays at any time. Then why did he lead a club? He wanted to get her on lead. Why? So she could lead a spade through declarer! Helen put up her king of clubs. It held and she led the spade. Down one!

If you don't think it was good defense we can tell you that the game was duplicate and no one else beat the hand. **♥CARD Sense♦**

**TODAY'S QUESTION**  
You hold the same hand. East opens one diamond. What do you do?  
Answer Monday

**Post Office Hires 4,000 State Men**  
WASHINGTON (AP) — The Post Office Department announced that it will start hiring 21,324 summer employees, including 4,000 from Michigan today. The appointments will be made from Civil Service lists and will be for periods ending no later than Sept. 29. More people get more news from newspapers than all other sources combined.

Ann Landers Here's Lesson For Well-Meaning Fixer

Dear Ann Landers: I hope you will continue to advise girls who have had babies out of wedlock to tell their sweethearts BEFORE they marry. This is what happened to me: I had a little boy out of wedlock and decided to keep him. I cooked up a story about a brief, unsuccessful marriage which most people believed. When I met Ron I told him I was divorced. After several months of dating he asked me to marry him. I felt like the luckiest girl in the world. Two weeks before the wedding my mother took me aside and told me I would be doing a terrible thing if I married Ron under the cloud of a lie. I wept and insisted I couldn't take a chance on losing him. If he was unable to accept me because of my past I would just die. After hours of talking, my mother persuaded me that she was right. I told Ron the very next night. His reply was, "I knew it. I was just waiting to hear it from you. And now there is nothing between us to mar our perfect love."

So you see, Ann, once again truth paid off in a way that a lie never could. Please keep telling the girls who are in my boat that there is only one way to handle this problem. The honest way—A HAPPY MRS. WITH CLEAR CONSCIENCE. Dear Happy Mrs.: You told them, dear. And, on behalf of all the girls whose minds you may have changed, I thank you.

Dear Ann Landers: Quite some time ago my daughter-in-law suddenly stopped talking to my daughter. I tried to learn the details but nobody would talk about it. This family rift bothered me and I decided to get to the bottom of it. Last week I wrote my daughter-in-law and asked her to tell me why she stopped talking to my daughter. I said, "Perhaps there was a misunderstanding which I can help iron out." I was very shocked at her answer. She wrote, "I have always despised your daughter and decided to stop going through the hypocritical motions of being nice to her."

This reply cut into my heart like a knife. How should I treat my son and his wife now? Should I ignore them as they have ignored my daughter? Or should I pretend that I did not receive the letter of explanation?—SORRY THAT I ASKED  
Dear Sorry: Let this be a lesson to all self-appointed menders of ruptured relationships. The golden slogan "Mind Your Own Business" should be the cardinal rule for well-intentioned "fixers." Now, say nothing more. You've said too much already. **\*\*\***  
Dear Ann Landers: I met this girl when we were counselors at a camp last summer. We are both 14. My parents met her and they like her a lot. She wants me to spend a weekend with her (it is a nice bus ride from here, about 60 miles), but my folks won't let me go because they have never met her parents. Does this make sense? I don't think so and I hope you will be on my side.—MISSED THE Q  
Dear Missed: I suggest that the girl's mother write or telephone your mother and introduce herself. This would make your folks less uneasy about allowing you to make the trip. P. S.: You are a girl aren't you? I'm assuming this although you didn't say. **\*\*\***  
When necking becomes petting, watch out! To learn how the smart girl keeps both her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting—And How Far To Go," enclosing with your request 25c in coin and a long, self-addressed, stamped envelope.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press  
**25 Years Ago**  
The following notice appeared in the Escanaba Daily Press: "Dog licenses are now available and may be purchased beginning today. All dogs over four months of age are required to be licensed including the bulldog on Washington Avenue who pursued a Press reporter yesterday with definitely evil intentions as the reporter bicycled along the street."  
**50 Years Ago**  
The manager of the Delta theater, L. J. Jacobs, announced that any soldier dressed in uniform would be granted the right to attend the theater free of charge except on nights when the theater is leased for special attractions.  
**Police Institute**  
EAST LANSING (AP) — Teams of law enforcement officials and community leaders from across the nation will meet at Michigan State University May 21-26 for the 13th annual National Institute on Police and Community Relations. Keynote speaker will be Patrick Murphy, assistant director of the Office of Law Enforcement Assistance, U.S. Department of Justice.

**TAXES**  
Your Editor's Note on my letter about the Governor's Vetoes was misleading. You stated that I listed only one veto in the last 16 years. This statement was in error. I said that only one bill in the past 16 years was still enacted over a governor's veto and the legislature succeeded in overriding a veto by Gov. Williams in 1951 on a hike in gasoline tax which we are still paying. I'm certainly aware of Mr. Romney's vetoes and they number 51 up until last year out of 1,300 bills that came before him. This certainly must be a record and it would be of great interest to me as well as many other readers I've talked with if Mr. Hoenshell could also inform us as to how many of these vetoes were directed against the lower level as compared to those at the top level.

The working class are well aware of his veto last year that defeated a bill that would have eliminated the waiting week for drawing unemployment,

DWIGHT J. GAGNE, son of Mr. and Mrs. Raymond Gagne of Wilson, was recently promoted to the rank of Private First Class. Pfc. Gagne enlisted in the Army in Nov. 1966, took his basic training at Ft. Lewis, Wash., attended advanced training at Ft. Leonard Wood, Mo., and was transferred to the 24th Infantry Division in Augsburg, Germany during April 1967. In Germany he graduated from the Military Police Sentry Dog Trainers school and is assigned to security duty at the military bases in Bavaria. Pfc. Gagne is a 1966 graduate of Powers-Spalding High School.

## States Agree On Lost Peninsula Park Development

LANSING (AP) — Michigan and Ohio authorities agreed finally to cooperate in developing Michigan's so-called Lost Peninsula for park and recreation purposes.

The peninsula is a tiny point of land belonging to Erie Township, Monroe County. It can be reached by land, however, only through Ohio.

Representatives of the two states, Toledo and Erie Township agreed to draft an agreement for development of the area.

Rep. Raymond Kehres, D-Monroe, said he hoped the cooperation will go beyond the improvements planned for the Lost Peninsula.

"One important step would be to make sewage and water facilities available to residents of southern Monroe County," Kehres said.

Kehres said he understood Toledo is willing to furnish such services.

"We are exploring every avenue and will arrive at a cooperative agreement," said Elmer Hinkleman, Toledo director of public welfare, whose department includes parks and recreation.

Felix Mensler, Erie Township supervisor, opposed a recent proposal by Toledo to purchase acreage in the Lost Peninsula. The city has appropriated funds for such a purchase and hoped to obtain federal funds for the project.

Hensler said, however, he will support the program of cooperative action proposed at the meeting.

## Registration Notice

Wells Township, Delto County

Residents not now registered may register at the new Wells Hall Tuesday, May 9th from 1:00 P.M. to 8:00 P.M. to and including Monday, May 15th, the last registration day preceding the school election June 12th, 1967. Other times by appointment.

# Miseducating Third Of Youth, Says Dr. Melby

MARQUETTE — "We're experiencing a great quantitative growth today in education, but if we look critically we see we're educating two-thirds of our children reasonably well, but are miseducating the other third."

"This is the paradox of our time," Dr. Ernest O. Melby, dean emeritus and distinguished professor at Michigan State University, told adult educators meeting May 8 on the Northern Michigan University campus.

"In too many cases, we're still not aware of the individual's potential to learn and the impact of the changing employment patterns," he stressed. "We expect everyone to be able to read at the age of six. When some can't, possibly due to the environment, we start treating them as drop-outs, and the person who'd been convinced that he can't learn is tough to teach at any age," the educator stated.

"There's no such thing as a non-academic person," he pointed out. "People seem non-academic only because we teach the academic things in such a way that they're distasteful."

Melby feels that teacher-training institutions should place more emphasis on selecting teachers that really want to teach and should then provide them with more community experiences during their training period.

The former president of Montana State University sees a revolution in the making, however. The human misery of the inner city areas has motivated efforts such as the Head Start Program, which eventually will change our complete educational system—from kindergarten through the university level, he feels.

Melby thinks school and university systems should consider the human element more and adopt some industry techniques in personnel management.

Speaking on university administration concerns, he said universities need to establish training programs to assure qualified replacements and more depth on their administrative teams.

Adult Education officers at the U. P. Chapter meeting were president, Ben Martin; vice president, Ray Gummerson, MSU District Extension Agent, Marquette; treasurer, Leo Alperovitz, Bay de Noc Community College, Escanaba; and secretary, Richard Bonifas, Manistique Public Schools.

Wayne Tody, head of the Department's fish Division, reported that commercial fishermen using gill nets are taking "an alarming toll" of lake trout and coho salmon planted for sports fishermen.

Tody said fisheries officials from Michigan, Wisconsin, Indiana and Illinois have agreed to ban all fishing for trout and salmon in the Great lakes.

They also tentatively agreed to a merit system limiting the use of large gill nets in Great Lakes waters.

Tody said last year fishermen in the Great Lakes lifted enough feet of gill nets to reach around the earth.

Indiana reported commercial fishermen took about 21,000 Coho salmon from southern Lake Michigan this spring, he said. This was three times as many fish as were caught by Michigan fishermen in streams planted with the cohos.

At the present rate, Tody said, commercial fishermen are removing about 17 per cent of the coho and trout planted each year if the netting is not yet restricted.

The commercial take, he said, could increase to one third to one half of the fish planted each year if the netting is not yet restricted.

WASHINGTON (AP) — A scientist reported here that a single shot of alcohol induced charming, motherly behavior in some scrappy roosters who ordinarily are rough on baby chicks.

And they got slightly drunk in the process.

But the researcher offered no views on whether an occasional barnyard highball would inspire roosters to help out with the baby-sitting on a permanent basis.

Dr. Joseph K. Kovach of the Menninger Foundation, Topeka, Kan., said only that the experiment demonstrated that on the rare occasions when a rooster shows motherly instincts, it has nothing directly to do with his internal hormones.

Kovach described in the technical journal Science Now five white Leghorn cocks who were each treated to a single dose of 33 per cent grain alcohol.

The birds all showed some minor motor coordination disturbances — a polite phrase for wobbly walking — even before they got down to the business at hand, he said.

Five other roosters were given similar portions of pure tap water.

Then both groups — boozers and teetotalers — were confronted with batches of newly hatched White Rock chicks.

All the alcohol-treated roosters protectively sheltered their chicks throughout the first night, and nearly all maintained their maternal behavior for up to four days more.

In contrast, the dry roosters "showed avoidance and aggressive behavior only. They allowed the chicks to die of exposure, and three of them actively killed their chicks," said Kovach.

The first comment from the Vatican on miniskirts came after Miss Cardinale wore a black miniskirt to an audience Pope Paul held in St. Peter's Basilica for personalities from show business and the press.

# Women's Activities

## Plans Near Complete For Bay Cliff Season

Plans are nearing completion for the 1967 session of Bay Cliff Health Camp, which will run from June 26 through Aug. 13.

Mrs. John Fawcett, Chairman of Delta County Bay Cliff Committee, states that Bay Cliff has accommodations and will accept 190 children with handicaps this year. The new building projects have made this capacity attendance possible. New to the Camp this year will be a more modern and efficient Health Cottage (infirmary and dental facilities), and a new building to house children with severe physical handicaps. The buildings are constructed of fire-resistant materials.

### Dental Care

Along with the therapy programs provided for each individual child, the campers are provided with dental facilities as well as the opportunity to gain camping experience. Included in the camping program are supervised recreation, arts and crafts, swimming, overnight camping, out-door cooking, hikes, campfires and other various individual cabin activities.

Located on Big Bay in Northern Marquette County, Bay Cliff is known throughout the United States. The staff is composed of registered therapists and other qualified personnel from various parts of the country.

Bay Cliff accepts children with nearly every type of physical handicap. Only a small number of them receive any type of physical therapy in a regularly established program during the remaining months of the year. The children are accepted at the non-profit camp without any charge to them or their families.

Every county in the Upper Peninsula again will be represented at the camp this year.

The quota for Delta County this year is 10 children. Last year 11 children participated in the therapy program for our county. A minimum of \$300 must be raised to cover the cost of each camper from our county, thus making a total of \$3,000.

### Contributions

Bay Cliff is dependent almost entirely on contributions for its support. We must raise a minimum of \$300 per child. Inasmuch as we accept only children from the Upper Peninsula, it is difficult to secure financial assistance from areas other than the U. P. Contributions may be sent to our local Bay Cliff committee at 710 Lake Shore Drive, Escanaba, or directly to the Bay Cliff office at Room 230 Harlow Block, Marquette. All contributions are deductible from your federal income tax.

An invitation is extended to visit the camp during its operation so that you may see how your assistance is needed and put to work. The 10 children from our county will be able to walk, talk, study and play more effectively as a result of their stay at Bay Cliff Health Camp this summer.

## Webster PTA Meeting Held

The final Webster School PTA meeting was held Monday evening May 8.

In the course of a short business meeting, gifts were presented to each mother who participated in the school library program by Mrs. Wesley Hansen, acting president. Room count was won by the sixth grades.

Louis Diedrich in his farewell address to the combined Webster and Franklin School audience, thanked teachers, students and parents for their support and cooperation during these past years. The Webster Band, directed by John Chown, played several numbers to appreciative parents.

Miss Leona Dougherty, representing Bay De Noc College, presented facts on the upcoming millage issue.

The sixth grade, under the direction of their teachers presented an amusing play, "Dumpling and The Golden Goose," adapted from Aesop's Fables. Their projects for the year were exhibited throughout the gym. Refreshments were served by the fifth grade mothers.

## Social-Club

The piano students of Mrs. Louis Groos will perform in a recital Sunday at 2 p. m. in the multi-purpose room of Holy Name High School.

## Isabella

### Farm Bureau Women

The Delta County Farm Bureau Women met Tuesday, May 9. The business meeting was held at Jack's Restaurant with Mrs. Harvey Sundin presiding. Plans were made for the annual queen contest. Daughters of Farm Bureau families are eligible and must be between the ages of 16 and 22, and unmarried.

The Upper Peninsula Citizenship Seminar will be held at the Holy Name High School July 12-13. Each county in the U. P. will sponsor two students from each school in the county. Outstanding speakers are scheduled and topics will be on Americanism, politics and economics. There will be a registration fee. The seminar is open to the public.

At the close of the business session the ladies went to Marquette where they were the guests of the T. V. station, also visited several other places of interest and enjoyed dinner. Thirteen ladies were in attendance.

Mrs. Reuben Sundling arrived by plane recently from Chicago to join her family here for a vacation.

Mr. and Mrs. Ted Sundin were host to the Isabella Farm Bureau at their home Thursday evening.

The Memorial Day dinner planning committee met Friday evening at the home of Mrs. Vernon Peterson.

## Rock 4-H Club Members Hear Zip Code Facts

The Rock 4-H club members met at the Lions clubhouse Wednesday evening for the May meeting. Since the members are selling the National Zip Code books, Francis Trombly, Rock postmaster, was present to explain why zip codes should be used on all mail and how they help mail to move faster. Anyone wishing to obtain a book may call any Rock 4-H member or Mrs. Albert Weldon.

The club trip was discussed but definite plans were tabled until finances are more definite.

Mrs. Weldon showed how a glue mender can be used to mend or re-enforce clothing without sewing. It can also be used for mending many other articles. The members voted to order some on a trial basis.

Weather permitting, members will meet at the flower beds at 1 p. m. Saturday, to spade and plant shrubbery obtained through the Sears Foundation.

The Club is still collecting rags to be sold to garages. Any cotton rags will be appreciated. County honor pins for last year's project work were presented to the following: Patricia Waak, Susie Koski, and Susan Westlund, conservation; Debra Sharkey, clothing and Dog Care; Priscilla Waak, foods and nutrition. The club received a county recognition certificate for community beautification.

MR. AND MRS. Joseph P. Luchesi, 7720 W. Suburban Lane, Bridgeview, Ill., announce the engagement of their daughter, Linda Theresa, to Richard C. Bugay, son of Mr. and Mrs. Charles Bugay, 514 S. 10th St., Escanaba. Linda is presently employed as a secretary for the Sears, Roebuck and Co. of Chicago. Her fiancé is employed at Western Electric Co. of Chicago. The wedding will take place June 23, 1968.

## List Closing Activities At Flat Rock School

The final Flat Rock Parent Teacher's meeting of the school year was held Tuesday, May 9, in the multi-purpose room of the school. School activities for the closing of the school year were announced by Supt. Leo Brunelle as: Kindergarten graduation on May 28 at the school, annual school picnic on May 31 at Pioneer Trail Park, and the eighth grade graduation on May 31 at Marco's.

A summer reading and mathematics program will again be scheduled for the summer. Swimming lessons will be held with bus service for the youth to the Gladstone Beach twice weekly as in previous years. The band students will meet on Saturday mornings during the summer.

Dr. Richard Rinehart of Bay De Noc Community College explained the college's proposal of a two mill vote to finance college construction and operation. A question and answer period followed.

Refreshments were served by mothers of the eighth grade with Mrs. Walter Marcella, Mrs. Robert Jensen, Mrs. Arthur Tourangeau Jr., and Mrs. William Beauchamp, room mothers in charge.

## Mothers To Be Honored Sunday

RAPID RIVER—Sunday, May 14 is Mother's Day. Mothers will be honored Sunday at Rapid River's Congregational Church at the 10:30 a. m. worship service. May 14 is also Pentecostal Sunday. The Junior Choir under the direction of Miss Kathy Utterbach will sing, "I Love to Tell the Story," organ accompaniment by Linda Jo Deneau.

Following the worship service, coffee and cake will be served in the parish hall by the women's fellowship.

Rev. Philip C. Meili is church pastor. Everyone is welcome.

## Sweet Sixteen Birthday Party For Mary Gerou

A Sweet Sixteen birthday party honoring Mary Margaret Gerou was held May 6 at the home of her parents, Mr. and Mrs. William Gerou.

The group enjoyed a bowling outing from 7 to 8:30 and then returned to the Gerou home for games and lunch. Prizes were awarded to Carol Perle, Bonnie Bedard and Mary Gerou.

Also attending were, Edith Veldman, Pat Barra, Susan Soper, Chris Way, Janet Frasher, Sandy Meteiver, Mary Srock, Sue Guindon, Mary LaFave, and Karen Cartwright.

## Chapter 49, OES Meets Tuesday

R. C. Hathaway Chapter 49, Order of Eastern Star will hold their monthly meeting Tuesday, May 16 at 8 p. m. at the Masonic Temple.

The officers will present a memorial service entitled, "The Tree of Life." There will also be a memorial presentation in memory of the late Anna Haberly. All officers will appear in formal white.

Hostesses for the evening are Margaret Ebbesen Jr., Marie Wicklander, Alice Fawcett, Eunice Pohl, Sylvie Chern, Naomi Woodard, Ruth Hebbard and Lois Fisher.

All members are urged to attend. Plans will also be made for the fun night to be held in June.

MRS. MINNIE GUENTHER holds her flower bouquet after being chosen the 1967 American Mother of the Year. Mrs. Guenther of Whiteriver, Ariz., mother of nine, has devoted much of her life to the Apache Indians. (AP Wirephoto)

## DON'T GAMBLE WITH YOUR FINEST DRESSES

By Melton McGovern

serve the finest care. The finest, not the cheapest.

In the Bible there occurs a scene describing the moment when Roman soldiers cast the lots to determine which of them shall take possession of Christ's clothing.

In a moving scene, and doubly so because of the tragic irony involving the final element of gambling in a sad and bitter tragedy.

This was a gamble over clothes; and in a vastly smaller way the gamble over clothes continues to this day.

Lady, you let the Fates throw the dice every time you fail to remember that your finest dresses de-

Lady, you gamble when you take your clothes to a cleaner who doesn't know or doesn't care. You come up with deuces when he ruins that dress; shrinks it, fades it, injures the buttons, sets a stain.

And socially, lady, you come up with a hollow clatter of bones upon the gaming table when—even if he destroys nothing—he yet doesn't finish the garment for you so that it's at its best.

Why gamble? Let the destructive dice of chance sit idle in their cup forever. Give your finest and all your dresses the best of care:

## Obituary

**MANLUS BERTRAM LEE**  
Funeral services for Manlus Bertram Lee were held at 1:30 p. m. Friday at the Skradski Funeral Home with Rev. Clifford DeVore officiating. Burial was in Rock Cemetery. Pallbearers were Harry Payne, Eero Saarikko, Lauri Ranta, Victor Freeman, Nick Broeders and Bruno Lumme. In the list of survivors reported previously, a son, Irvin, was omitted.

**MRS. CLARICE SULLIVAN**  
Funeral services for Mrs. Clarice Sullivan were held at 9 a. m. today at All Saints Church with Msgr. Matt Laviolette officiating and Fr. Arnold Thompson in the sanctuary. Burial was in Rapid River Cemetery. Pallbearers were six grandsons, George Gentile, Bill Grimm, Stanley Orszula, Adrian Davis, Howard LaBombard and O'Neil Groleau.

## AMC Is Building Post Office Cars

**DETROIT (AP)**—American Motors Corp. will make more than 3,000 sedans for the U.S. Post Office, the firm announced Friday.

William V. Luneburg, president, said AMC has received a General Services Administration contract which calls for delivery of the four-door sedans in 120 to 150 days.

More than 2,000 of the Ambassador sedans will have right hand steering. The cars will be used at post offices in major U.S. cities.

AM last month was awarded a GSA contract for about 1,200 cars and station wagons.

## Bark River

**WCSA Meets**  
Mrs. George Whyte of Menominee was the installing officer at the WCSA meeting held Wednesday night at the Bark River Methodist Church.

Inducted for the ensuing year were: President, Mrs. Stanley Peterson; Vice-President, Mrs. Leslie Sundquist; Secretary, Mrs. Ivan Sundquist; Treasurer, Mrs. Arthur Fournier; Campus Ministry, Mrs. Alfred Anderson; Christian Social Relations, Mrs. B. R. Erickson; Supplies, Mrs. Leonard Wickstrom; Spiritual Life, Mrs. Ebrah Peterson; Missionary Education, Mrs. Frank Adams. Hostesses were Mrs. B. R. Erickson and Mrs. Arthur Fournier.

## Birth

Mrs. Russell Simmons received word of the birth of a son, Todd Michael, to Dr. and Mrs. Edwin Myler of Munising. Todd, who weighed 8 pounds, 15 ounces at birth, was born at 3 p. m., Tuesday, May 9, at the Munising Hospital. Todd has one sister and two brothers. The mother is the former Judy Simmons of Bark River and the father is the son of Mr. and Mrs. Stanley Mokszycki of Harris.

## Germfask

Mesdames William Caffey, Eugene Smith of Germfask and Francis Morrison, Howard Carpenter and Pearl Smith of Seney attended a district meeting of WCSA at the Wesley Methodist Church at Ishpeming on Monday.

The Womens Group of The Reorganized Church of Jesus Christ of Latter Day Saints, held a meeting at the home of Mrs. Walter Burns Tuesday evening, at Newberry.

## Band Plays At Central PTA

A musical presentation by the G. H. S. Band will be featured at the final meeting of Central P. T. A. Monday at 8 p. m. at the James T. Jones School.

R. A. Watson, Delta Reporter editor, will speak on the city-wide "Clean-Up Campaign and a representative of Bay de Noc Community College will speak on their expansion program.

Mothers of Miss Lois Born's third grade students will serve as hostesses.

## In Service

**Pvt. Rodney P. Van Brocklin**, 19, son of Mr. and Mrs. John F. Van Brocklin Sr., N. 17th St., Gladstone, has completed an airplane repair course at the Army Transportation School, Ft. Eustis, Va. During the 19-week course, he was trained to repair engines of cargo and troop-carrying airplanes and other assemblies of Army aircraft.

## Church Events

**Bible Presentation**  
First Lutheran Church Third Grade students will receive personalized copies of the Bible at the 10 a. m. Worship Service Sunday.

## Personals

Mrs. Irene Stewart, 824 Dakota Ave., has returned to her home after being a patient in St. Francis Hospital and Bishop Noa Home for the past seven months.

## Social

**Neighborhood Group**  
The Neighborhood Home Extension Group will hold a regular meeting at the George Minne home, Route 1, Gladstone, Monday at 8 p. m.

**Ho-Makers Club**  
The Ho-Makers Home Extension Club will meet at the home of Mrs. C. L. Stock, 511 Montana Ave., Monday at 8 p. m.

## Briefly Told

**Mark C. Urbanski, Cudahy, Wis.**, was ticketed by State Police Friday for speeding.

## Keweenaw Rail Line Has C&NW Motive Power

**HOUGHTON (AP)**—A new train line got its "choo-choo" Tuesday.

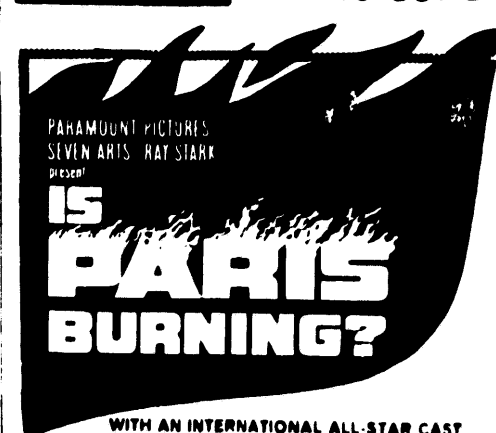

A Chicago and North Western steam locomotive arrived in Calumet, ready to begin pulling a new tourist line railroad in the Keweenaw Peninsula this summer.

Clint Jones and Associates, promoters of the line, hope tourists will be attracted by the lure of seeing the peninsula's natural beauty as they ride in comfort aboard the train.

The promoters have also purchased coaches from the Burlington and Soo lines, a diesel engine from the Milwaukee Road and a caboose from the Iowa Central Line.

Jones is a former student at Michigan Tech. Houghton, and is now employed by the Milwaukee Road. The tourist line railroad is a private venture.

## Schools Have 6 Running

The Escanaba Area Board of Education, which until this week didn't have any candidates for two vacancies to be filled at the June 12 election, today had six candidates working on seven.

Supt. Luther M. Barrett said four other men had filed petitions for election and another person had taken out petitions, but not returned them as of this morning.

Deadline for filing is 4 o'clock this afternoon.

Latest candidates to file are Urban Steinmetz, 201 S. 5th St.; Leo Alperovitz, 208 S. 22nd St.; Richard Hanson, Wells, and Albin S. Pearson Jr., 2525 1st Ave. S.

They join William F. DeHaan, 307 S. 3rd St., and Richard G. Buckner, Rte. 1, Escanaba, on the ballot.

**To Elect Two**  
Two members will be elected to the Board of Education for four year terms, replacing Dr. Vernon Johnson and Kenneth Buckland, who are retiring from office.

Steinmetz, director of the Upper Peninsula Family Life Bureau, is a former school teacher and Catholic Social worker. He was a pioneer in the Marquette Catholic Diocese social work program. The Family Life Bureau of which he is now director provides marriage counseling, sex education for youth, and other social services.

Alperovitz, 51, a native of Escanaba and a graduate of Escanaba high school, is employed as business director of Bay de Noc Community College. Before joining the college administration, he was superintendent of schools for 15 years at Hermansville.

Holder of bachelor's and master's degrees from the University of Michigan, he is currently working on an educational specialist's degree from Michigan State University.

Alperovitz is a member of Rotary International and has been active in mental health work for many years, serving as chairman of the Escanaba Branch of the U. P. Child Guidance Clinic, acting chairman of the Delta County Community Mental Health Board and vice chairman of the Marquette-Alger-Delta Community Mental Health Compact. He is also a member of the Michigan and National School Business Officials Associations and the National Education Association.

**Minnesota Files**  
He is married to the former Frances Stearns of Gladstone and they have two children, Mary, 10, and Amy, 8, both students in the Area schools.

Hanson, 36, is a native of the Detroit Lakes, Minn., area, coming to the Escanaba area four years ago as director of activities of Bethany Lutheran Church. After year in that capacity, he returned to his former profession as a carpenter. He is a graduate of Hitterdal, Minn., high school, and lived in the area all of his life before coming to Escanaba. He and his wife, Delores, have two children, Pamela, 10, and Susan, 8, who are students in the Area school system.

Hanson is a member of Carpenter's Local Union 1832, the Church Council of Bethany Lutheran Church and is president of Players de Noc.

Pearson, 47, is general manager of Pearson Boiler and Manufacturing Co. of Escanaba. He was born in Escanaba and has lived in the community all his life, graduating from Escanaba high school.

He is a member of the Escanaba Kiwanis Club and Delta Lodge 195, F. & A. M. He is married and is the father of four children, three sons, Bill and Dennis, at home, and Donald of Escanaba, and one daughter, Mrs. Lois Gushard of Escanaba.

West Virginia's highest point is Spruce Knob, Pendleton County, 4,862 feet above sea level.

## Conference Is Told

# U.P. Resistant To Medical Change

By JIM CARTER  
Of Panax Newspapers  
Plans for sweeping changes in Upper Michigan health services were aired at a Peninsula-wide health congress Thursday on the campus of Northern Michigan University, Marquette.

Efforts must be made now to help health services take full advantage of the great advances made in medical and related fields, Dr. Vlado Getting, professor in the University of Michigan's School of Public Health, said.

Getting, director of Michigan Community Health Services, told over 100 persons that comprehensive health planning was needed before changes could be made.

Getting pointed out that a statewide study on community health services, begun three years ago, shows that action is needed from all sectors of the community if reorganization is to be successful.

Main aim of the reorganization is to create larger health service regions which can offer much more than small, isolated units. New regions should have not fewer than 300,000 population to be effective, Getting noted. Thus, all of Upper Michigan would make up a single region.

**Action Sought**  
He said a "committee of 40" is studying recommendations of the task forces from the various state regions, and has issued a report calling for action on the proposals now. "We don't want recommendations of the task forces to collect dust."

Comments on Getting's address were made by a panel representing the medical-health professions and "lay" leaders. Included were Dr. Emory Johnson, assistant surgeon general, U.S. Public Health Service, Washington, D.C.; John Edmondson, Ishpeming, administrator of Bell Memorial Hospital, and member of the U.P. Health Facilities Planning Council; Dr. Robert Bujard, Marquette, psychiatrist at the Upper Peninsula Adult Mental Health Clinic; Gordon Smith, Houghton, of the Department of Continuing Education, Michigan Tech; Charles Pollo, Escanaba, University of Michigan Extension Service; George Hensley, Marquette, Northern Michigan University; Dr. Leon-

partment and chairman of the Upper Peninsula Committee on Area Progress (UPCAP) health committee.

**Panel Comments**  
Carefoot - "There will be enormous benefits in consolidation, but it will take a long time to reap the benefits — there

are a lot of obstacles. Some physicians and institutions are going to object to loss of autonomy. It will be a long, uphill road in the case of acute care hospitals. However, I can see few objections to a Peninsula bond bank or centralized laboratory."

**Bujard** - "Mental health specialists are few and far between, yet the need is widespread. Once problems of finances and location are solved, centralized mental health facilities would serve a great need."

**Smith** - "Setting up of large regions can actually mean decentralization, such has been our experience in the Copper Country. Reorganization isn't a long time coming — it's here. Consolidated facilities provide physicians with more opportunities, tools and other aids. As it is now, our health resources are rather scarce. Opposition can be expected."

**Edmondson** - "Comprehensive planning is new and often misunderstood. It must come. It shouldn't mean any big exodus of doctors from rural areas to the centers — rather it will help them do their jobs where they are."

**Follo** - "Planning groups should represent a cross-section of the community, only then can a true picture of needs be drawn. A strong central health organization doesn't rule out existence of sub-units. Upper Michigan's region could have three sub-units."

**Hensley** - "A problem in Upper Michigan is its resistance to change. There should be more recruiting of persons here who may be interested in health service field — which offers over 250 different careers. And four years of college training often aren't needed."

**Johnson** - "Doctors often don't carry the ball in planning or reorganizing health service units — thus there is much opportunity for many interested persons in the community to take part. Centralized health services expand and don't curtail benefits in outlying areas. There can be a close partnership with local, state and federal agencies. Our goal is to elevate health standards of the American people to the highest possible level."

**Johnson** - "Doctors often don't carry the ball in planning or reorganizing health service units — thus there is much opportunity for many interested persons in the community to take part. ## Federal Aid

Comprehensive health service planning is needed to reach the goals laid out by the U.S. Public Health Service, Dr. Emory Johnson, Washington, D.C., USPHS official, told the luncheon meeting of the U.P. Health Congress at Northern Michigan University this week.

Proposals which the USPHS will present to the 90th Congress include expansion of the knowledge of diseases, building up the battle against diseases, need for planning for the wellbeing of individuals and a comprehensive program of health service.

"We are looking forward to working with state and local governments, as well as individuals in the medical field, in the area of health planning," Johnson stated. "This involves a sort of 'partnership' between government and private groups. We want federal grants for these purposes to be administered more freely," he stated, "and thereby enable better local planning."

partment and chairman of the Upper Peninsula Committee on Area Progress (UPCAP) health committee.

A BUSINESS THAT BEGAN a year ago in Rock has expanded into a new plant that opened with special ceremonies on Thursday. Leaders in the K and K Manufacturing Co., which provides new work opportunities for young men of the Rock area include (from left) Emil Gafner and his son, Tom, with K and K co-owners Clayton Kanerva

and Robert Koski. Gafner of Gafner Automotive and Machine, Inc., Escanaba, gave the new firm its first job contract about a year ago. The men are pictured in front of a timber trailer, one of the machines produced for the logging industry.

## Court Ruling Reopens Fail Firemen Dispute

WASHINGTON (AP) — The U.S. Court of Appeals has reopened an old railroad dispute as management and shopcraft union officials differed on means to end another dispute threatening a June 19 strike.

The court ruled Friday that the railroads must bargain with the AFL-CIO Brotherhood of Locomotive Firemen and Engineers over future jobs for firemen.

Congress ruled in its first compulsory arbitration statute in peacetime history in 1963 that the railroads could abolish the jobs of some 17,000 railroad firemen.

But the court said Friday that Congress did not intend to permanently replace collective bargaining with its compulsory arbitration law and ordered the union and the railroads "to submit within 10 days a proposed judgment, and to confer and endeavor to agree thereon."

Meanwhile, J.E. Wolfe, longtime top railroad negotiator in labor disputes, told a Senate labor subcommittee the carriers would accept President Johnson's proposal to avert the current strike threat because there appears to be no feasible alternative.

But G.E. Leighty, chairman of the Railway Labor Executive Association, described the administration bill as grossly unfair because it would reward the corporations and punish the working man.

Johnson's proposal would postpone the threatened strike for 90 days past June 19 while a new five-member board was involved in intensive mediation. The board's recommendations for a settlement would go in effect for a period not extending beyond Jan. 1, 1969, if no voluntary settlement was reached by September.

"It is the American way to settle a dispute," Wolfe said of Johnson's plan.

But Leighty said the proposal would deny employees their democratic right to strike and force them to take lower wages than

they could win by exerting their own economic strength.

The court said of the firemen's dispute that the railroads do not have to bargain on the issue of the discharged 17,000 firemen. This "would spark the most unsettling havoc," it said.

**Hermansville Legion Meets**  
The Leo Floriano American Legion Post met at the Camp Seven American Legion clubrooms and discussed the Memorial Day program for the cemeteries of Hermansville and Faithorn. Members will meet with the William Anderson Sportsman's Club to discuss July 4th plans. Members are to report to Julius Halterman, post commander if they have donated blood since May, 1966. Halterman and Jerry Kelly served on the lunch committee and Halterman presided at the meeting.

**Appointments To Academies Open**  
WASHINGTON — Congressman Philip E. Ruppe said today he is accepting applications from young men who are interested in being considered for a nomination to the classes entering the service academies in the summer of 1968. It looks now like all the appointments to the Military Academy at West Point will be filled through next year. Ruppe will have one vacancy to the 1968 Air Force Academy classes, two vacancies to the 1968 Naval Academy classes, and will nominate 10 young men to compete for the 12 vacancies allotted to Michigan for the 1968 Merchant Marine Academy. Contact him at the House Office Building, Washington, D. C., before June 10.

**Defy Socks Order**  
YPSILANTI (AP) — About 250 students at Ypsilanti High School bolted their classes Friday afternoon in protest of an administration order that they must wear socks to class.

The students were observing their annual custom of "Leisure Day," on which they wear casual clothing — including shorts — to class.

**Bark River**  
Guests at the Ivan Sundquist home Wednesday and Thursday were Mrs. LaDonna Gharza and Mrs. Sundquist's sister-in-law, Mrs. Walter Sundquist, both of Crystal Falls, Mrs. Gharza, a Peace Corps member for three years in Ethiopia, lectured and showed slides at Holy Family Church in Flat Rock Wednesday evening.

Mrs. Louis Tousignant of Schaffer, Mr. and Mrs. Peter Giovacchi of Perronville and Mrs. Ivan Sundquist were in Milwaukee last weekend to attend the First Holy Communion ceremony for Scott Sundquist, son of Mr. and Mrs. Louis Sundquist. The father is the son of Mr. and Mrs. Ivan Sundquist of Bark River and the mother is the former Carol Giovacchi. While in Milwaukee, Mrs. Sundquist also visited with her daughter and family, the Rayne Charbonneaus.

## Rock

Herbs Bar bowled in the Gladstone Slooper recently. Prize winners include: Nellie Salmi, Algeria Westlund and Rosalee Herriek. Evelyn Kivela bowled high series.

The Rock Volunteer Fire department answered 11 calls during the past twelve months. The U. P. Firemen's Convention will be at Ontonagon this year.

The regular meeting of the Sacred Heart Guild will be held on May 21 instead of May 17 due to conflicting school activities. The guild will help send three freshmen of the Rock High School for the Marygrove Retreat on May 19-21. They are Donna Beauchamp, Cheryl Larson and Debra Trombly.

Mr. and Mrs. Charles Valeen have returned home after spending the winter in Lake Worth, Fla. Matt Annola, brother of Valeen, arrived from Helsinki, Finland, in time to celebrate Valeen's 70th birthday. Annola will spend two weeks here before returning to Finland. He is a retired electrician.

Mrs. Hilma Sitar, and Mr. and Mrs. Thomas Linjala have returned after spending the winter in Lake Worth, Fla.

Elmer Hill is a medical patient at St. Francis Hospital for a week, and expects to be there for two more weeks.

Herb's Bar and U.P. Mutual bowling teams bowled in Menominee over the weekend in the Women's Upper Peninsula bowling tournament. On Herb's team are: Nellie Salmi, Ida Salmi, Algeria Westlund, Josie Carlson and Rosalee Herriek. On the Mutual team are: Evelyn Kivela, Mary Wilcox, Betty Sayen, Marlene Koski, and Vernice Pelto. They also bowled in the doubles and singles.

Mr. and Mrs. Hugo Hoyertz have returned home after spending a week in Detroit.

with Ray Crandall

The L'Anse Hornets displayed their individual talent and depth in piling up 82 points to win a triangular track meet from Iron River and Stambaugh. L'Anse won 10 of the 14 events with Mike Harsh and Karl Funke copping two firsts apiece. Funke took the 220 yard dash in 23.45 seconds and the 100 in 10.6. John Dedo of Stambaugh ran a 2:06.01 half mile, fastest in the Upper Peninsula this season.

Coach Vic Fochesato's Norway Knights captured only four firsts but registered 59 points to win a triangular meet with Niagara and Crystal Falls this week. Jim Steinmetz set a new Crystal Falls school record by leaping 20 feet 5 1/2 inches in the long jump and Dave Aultman broke his own Trojan record in the pole vault by soaring 12 feet 6 inches.

Russ Laurin of Lake Linden was named president of the newly organized Copper Country Conference Coaches Assn. Other officers named at a recent meeting were Wayne Sickler of Calumet, vice president, and Harvey Filippula of Dollar Bay, secretary-treasurer.

Work was begun this week on a new quarter mile track at the Dickinson County Fairgrounds in Norway in preparation for the summer stock car racing season. Target date for completion of the project is June 1. Race promoters are Earl Iverson and Rene Lippens of Escanaba.

Honored as the outstanding Stephenson High School athletes in sports at the annual Eagle Booster Club dinner recently were Mark Dougovito in football and Bruce Weng in basketball. The pair were selected by a five man board to have their names inscribed on the Carl Dougovito Jr. Memorial Plaque.

Denton Nelson, former star prep golfer at Manistique and former Indian Lake Golf Club men's champion, is captain of the Alma College golf team this spring. Nelson will graduate with a bachelor of science degree June 10.

Paul Meunier, former Escanaba athlete, has raised his batting average to .278 on five hits in 18 trips for the Central Michigan University baseball team. Meunier is a sophomore catcher for the Chips who own an impressive 19-3 season record.

Rick Ledy of DeTour was a triple winner in the 100 and 220 yard dashes and the long jump in a recent triangular meet, but it wasn't enough as the powerful Pickford Panthers took top team honors with 88 points to 54 for DeTour and 22 for Cedarville. Ledy's 19 feet 3 1/2 inches in the long jump was the best by an Upper Peninsula Class D athlete this season.

## Gladding Saves Third Game In Last Four Days

BOSTON (AP) — Fred Gladding, admittedly not his old self, bore down in the clutch for his third save in four days as the stumbling Detroit Tigers held off the surging Boston Red Sox Friday night for their sixth straight victory.

The Tigers, riding the crest of a hot streak which has produced nine victories in 10 games, overcame two errors and some sloppy infield work to nip the Red Sox 5-4.

"We're running in luck, not denying it," said Manager Mayon Smith. "And they tell me that's what it takes."

Gladding, called "The Bear" by his mates because of his bulky build, got out of a bases-loaded situation in the last of ninth although Boston scored two runs. The big right-hander was rocky, but hung on to pick up his fifth save of the season, including both games in the Cleveland series Tuesday and Wednesday.

"I wasn't myself tonight," said Gladding. "I was hurrying too much and I was out of my groove. But we got out of it and I'm happy."

He entered the game in relief of Detroit starter Earl Wilson two men on, no outs, and the Tigers ahead 5-2 in the ninth.

Gladding walked pinch-hitter Dalton Jones, his first base on balls in 12 innings of relief, to load the bases.

Then he settled down, getting Tony Horton on a tap to shortstop Ray Oyler. A run scored on the play.

Don Demeter singled, scoring another run before Gladding got Jose Tartabull on a liner to Oyler and took care of Joe Foy on an infield tap.

The victory was the first place Tigers' ninth in 10 games. Detroit won it by scoring three of their runs without a base hit and another with the help of an error. The Tigers managed only four hits.

Norm Cash slammed his third home run of the season to third base for the only solid Detroit score.

The Tigers scored two runs in the third on three straight walks, a wild pitch by Sox starter Darrell Brandon and an error.

Detroit got another run in the seventh on Cash's infield hit, an error, and Bill Freehan's double.

In the eighth, Al Kaline walked, stole second, went to third on an error, and scored on Willie Horton's sacrifice fly.

## Oriole Pitcher Gives One Hit; Almost Perfect

NEW YORK (AP) — By shutting out the Los Angeles Dodgers in the second game of last year's World Series, Jim Palmer gained two distinctions:

He became the youngest pitcher ever to record a shutout in Series history, and he became the man who beat Sandy Koufax in the last game of the left-hander's glorious career.

By shutting out the New York Yankees Friday night, Palmer gained only an almost-distinction — he almost became the first Baltimore hurler to pitch a winning no-hitter this year.

As it turned out, the 21-year-old right-hander came within one pitch of attaining a perfect game, allowing only Horace Clarke to reach base — on a leadoff single in the seventh inning — as the Orioles annihilated the Yankees 14-0 and ended a six-game losing streak.

Even with the one hit, Palmer's performance was much stronger than Steve Barber's last year's perfect game. Palmer allowed only one hit as he pitched a no-hitter against Detroit April

## Sweep All Honors

# Crusader Net Team Wins League Crown

The Holy Name Crusader tennis team swept through all competition to capture the third annual Great Northern Conference championship here Friday.

Coach Tom O'Neill's netters didn't lose a match in the singles and doubles competition. They stormed through three singles and three doubles divisions to take all honors in the tournament.

Steve Fisher won the first singles by downing Swenson of Escanaba 6-4, 4-6 and 6-4 and

## Waubung Meet Slated Here For May 18

A meeting of all persons in the area interested in reforming the Waubung Baseball League will be held Thursday, May 18, at 7:30 p.m. at the Escanaba Daily Press office.

The Waubung League, for boys of American Legion baseball age, had operated for 20 years before disbanding because of lack of interest last summer.

Interest in reorganizing the league has been indicated in Escanaba, Manistique, Powers, Spaulding, Menominee and Schaffer and all baseball people in the area are invited to attend the meeting.

## Tony Raspor Keg Champ

GLADSTONE — Tony Raspor captured the singles championship in the 19th annual City Association bowling tournament with a 715 series.

Charley Lundmark and Cliff Gillis teamed up for 1302 pins to top the doubles division and Lundmark won the all events crown with a 1928 total.

Blatz of the American League had earlier won the team title with a 3081 score.

The association banquet will be held at the Midway Lanes Saturday, May 20 at 7 p.m. The business meeting will follow. Officers will be elected and prizes distributed.

Low Bramer is president of the association and will conduct the meeting.

30. The trouble with Barber's 8 2/3 innings of hitless work was that he walked 10 men, and the Tigers won 2-1.

There was no doubt about Clarke's seventh-inning line drive being a hit, but neither was there any doubt that the Orioles would win this game as they lashed 16 hits, including four each by Paul Blair and Andy Etchebarren.

"I threw Clarke a fast ball down the middle, right about here," Palmer said, pointing to a spot halfway between his waist and his knee. "I was just trying to get ahead of him. I knew it was a base hit as soon as he hit it."

"If I had stood straight when I came off the mound, maybe I could have caught it. But I never do so it doesn't matter."

"I knew I had a no-hitter until then, but I didn't think about a perfect game. I didn't think I had walked anyone, but I couldn't remember for sure."

"I think this is the first time I ever went nine innings without walking anyone."

Colard of Menominee 6-4, 6-4. Dennis Wood captured the second singles by defeating Brisson of Iron Mountain 4-6, 6-1, 6-1 and Christensen of Menominee 6-2, 6-4.

Richard Gorenchian won the third singles by beating Tortelli of Kingsford 6-0, 6-0 and Denny of Menominee 8-6, 6-1. John Way and Steve Houle took the first doubles by defeating Clement-Alquist of Iron Mountain 6-1, 7-5 and Kivala-Johnson of Escanaba 6-2, 6-3.

Jerry Wiles and Tom Plouff won the second doubles by defeating Mattson-Nelson of Iron Mountain 6-3, 6-3 and Holms-

## Michigan, Iowa Split Two Games

ANN ARBOR (AP) — Michigan and Iowa split a Big Ten baseball doubleheader Friday. Michigan won the first game 2-0 on Jim Lyjijyn's two-hitter and lost the second 6-4.

Lyjijyn struck out seven and walked just one in the seven-inning game. Les Tanona and Keith Spicer homered for the Wolverines in the first inning.

Andy Jackson cracked a two-homer for Iowa in the seventh inning and it turned out to be the winning blow. Glenn Redmon homered for Michigan in the fifth.

Michigan now is 6-4 in the conference and Iowa is 5-6.

Red Sox to four hits before he tired and they rallied for two runs in the ninth.

The Yankees couldn't get a thing against the 6-foot-3 Palmer. He retired the first 18 batters he faced, then gave up a single to Clarke. Tom Tresh promptly grounded into a double play and Palmer retired the Yanks the rest of the way facing the minimum 27 batters.

Among others, Mickey Mantle was again shutout in his quest of career home run No. 500.

Frank Robinson, Paul Blair and Andy Etchebarren were the big Oriole hitters. Robinson drove in four runs on three hits. Blair had four on four hits and Etchebarren four hits and two RBI.

The only run in the Chicago-California game was unearned. Tom McGraw singled in the fifth and was forced at second on Ken Berry's grounder. The relay to first, attempting to complete a double play, was wide and Berry went to second. Martin then doubled him home.

Jack Sanford limited the White Sox to three hits before leaving for a pinch hitter in the eighth, but still lost. Joe Horlen, now 4-0, stopped California on four hits but needed ninth-inning help from Bob Locker.

Jim Nash hurled a two-hitter at Minnesota and got home run support from Rick Monday in the Kansas City victory. The only hits off Nash, now 4-2 were a single by Rod Carew and a homer by pitcher Dave Boswell, his first in the majors.

Max Alvis drove in five runs with a homer and a single in the Indians' victory over Washington. He had a two-run single in the sixth when the Indians came from behind, and added a three-run homer in a ninth-inning burst that put it out of reach.

Roberts of Escanaba 6-2, 6-4. Pete Quinn and Dan Villeneuve won the third doubles by trimming Waller-Lemieux of Menominee 6-1, 8-6 and Henstee-Johnson of Escanaba 6-3, 6-3.

## Maroons Win Golf Crown

Menominee captured the Great Northern Conference golf championship in the third annual meet staged at the Escanaba Country Club Friday.

The Maroons came home in 342 strokes. Other team scores were Holy Name 351, Escanaba 363, Iron Mountain 391 and Kingsford 403.

Medalist was Bill Jones of the Maroon champs who fired a 36-41-77.

Individual scores:

**Menominee**

In Friday night's College Division competition, Nevada's George Puse set a meet discus record of 197-8 1/2, setting the stage for a duel with three-time Olympic champion Al Oerter and American record holder Jay Silvester.

Oerter, still in competition, a 31, has thrown 207-5 and won here last year with a then record throw of 195-0. Silvester's American mark is 210-6.

Together with Puse, they'll take aim at 213-11 1/2, the world standard set by Czechoslovakian Luvik Danek in 1965.

BOB SWENSON established a new Escanaba High School record in the rugged two mile run in a triangular meet against Marinette and Menominee here Friday, touring the distance in 10 minutes 48.8 seconds. Another Eskymo capturing a first in the meet was Dennis Johnson who tossed the shot 48 feet 1 1/2 inches. (Daily Press Photos)

## Eskymos Win Correct Combo Track Meet Wins For Reds

The Escanaba Eskymo track team toppled Menominee and Marinette in a triangular meet here Friday, scoring 63 points to 37 each for the losers.

The Eskymos, tuning up for the regional which will be held here Saturday, May 20, captured 10 of 14 events with senior Jim Boyle again setting the pace with a triple victory in the hurdles and long jump.

Boyle tied his school record in the 120 yard high hurdles by skipping the sticks in 15 seconds flat. He hit a 20.5 in the lows and sailed 20 feet 6 1/2 inches in the long jump.

Bob Swenson established a new school record in the two mile run, winning the grueling event in 10:48.8.

Other Esky winners were Dennis Johnson in the shot put, Paul Miller and Mike O'Leary tied in the high jump, the 880 relay team, Richard Anderson in the 880 and John Vardigan in the pole vault.

Johnson won the shot put with a toss of 48 feet 1 1/2 inches on his final attempt. It was his best throw of the season.

Vardigan matches his best previous height in the pole vault at 11 feet 8 inches. Anderson's 2:10.8 in the 880 was his best of the season.

**Points** — Escanaba 63, Marinette 37, Menominee 37.

**Shot put** — D. Johnson (E), Bartkowiak (Mar), Miller (E), Dragoo (Men), 48-1 1/2.

**Long jump** — J. Boyle (E), Schoener (Mar), Palmquist (E), Begotka (Mar), 20-6 1/2.

# Marichal Notches Fifth Straight Mound Victory

By The Associated Press  
San Francisco's limping Giants have come up with a formula for shedding those second-division blues.

Now if Herman Franks can just figure out a way to pitch Juan Marichal four times a week, the Giants will be sitting pretty.

Marichal, a spring training holdout, hurled his fifth straight complete game victory Friday night, whipping Houston 6-1. Willie Mays and Tom Haller provided the power with long home runs.

For the Giants to try to win without Marichal is like a car trying to run on three wheels. Franks found that out the hard way in the first two weeks of the season when Juan dropped his first three starts and San Francisco sunk to the cellar.

But the ace right-hander has regained his rhythm and now all Franks has to do is get two or three other pitchers in tune with Juan.

Mays, of course, is a one-man band. Willie's third home run of the season and No. 345 of his career came in the seventh inning with two men on and gave Marichal a comfortable working margin.

Haller, on a tear with nine hits in 12 at bats, had given the Giants the early lead in the fourth but consecutive singles by Joe Morgan, Sonny Jackson and Jim Wynn tied it in the sixth.

Marichal finished with a seven-hitter and struck out nine. He

retired the first 11 batters he faced.

In other National League games Friday night, St. Louis rallied with five runs in the eighth inning for a 7-5 victory over New York. Pittsburgh dropped Atlanta 5-2. Cincinnati dropped Philadelphia 4-2 and Chicago nipped Los Angeles 2-1.

In the American League, Baltimore bombed New York 14-0.

Cleveland whacked Washington 12-5. Detroit nipped Boston 5-4. Chicago blanked California 1-0 and Kansas City edged Minnesota 2-1.

The Mets carried a 5-2 lead into the eighth inning against St. Louis but Mike Shannon's bloop single climaxed the Cards' comeback.

Julian Javier and Dave Rickets opened with singles and

after a force play produced one run. Singles by Lou Brock and Curt Flood, a double by Roger Maris and an intentional walk to Orlando Cepeda tied the game and left the bases loaded for Shannon's winning hit.

Jerry Buchek homered for the Mets.

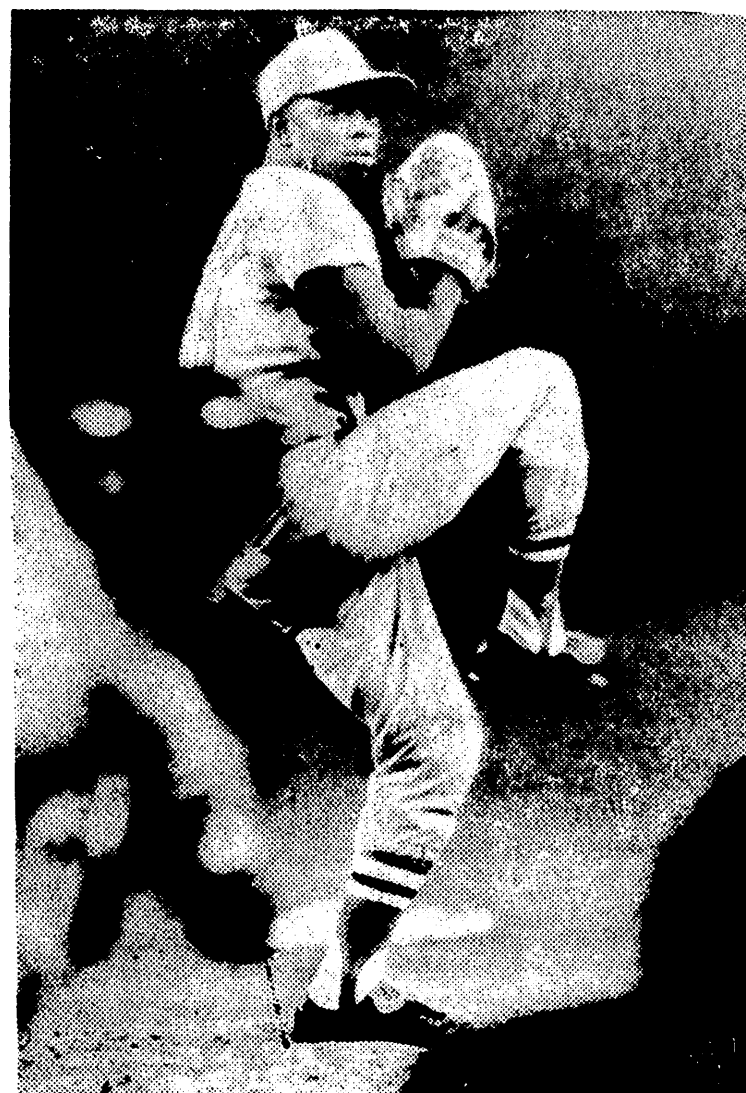

Don Pavletich drove in three runs with a double and single as Sammy Ellis' five-hitter beat the Phillies for the Reds.

Ellis, a 20-game winner in 1965 but 12-19 last year, used an unorthodox rocking windup and liked it so much that he'll stay with it for awhile.

"The way it went tonight," he said, "I might use that windup for a long time."

Matty Alou and Roberto Clemente rapped third-inning home runs for the Pirates and Billy O'Dell won his third straight. O'Dell, who was stricken by Addison's disease during the winter, allowed Atlanta just four hits before leaving for the reliever Elroy Face in the fifth inning after Phillips had tripled.

Curt Simmons scattered eight hits against the Dodgers and drove in Adolpho Phillips with the winning run in the fifth inning after Phillips had tripled.

ALL WOUND UP is St. Louis Cardinal pitcher Al Jackson. The Cardinal left-hander is one of the key men in Red Schoendienst's pennant plan.

## Women Golfers In Tight Race

DALLAS, Tex. (AP) — The \$16,800 Dallas Civitan Open Golf Tournament couldn't be closer.

There's only a three-stroke difference between first and seventh and there are 12 golfers within that range.

There's even a tie for first where Judy Kimball and Jo Ann Prentice hold a shaky one-stroke margin.

Miss Kimball, the Massachusetts girl who now lives at Gonzales, Tex., was the star of the show Friday as the tournament reached its halfway point. She fired a five-under-par 66—the lowest round of the tournament to date—to pull into a tie for first with Miss Prentice, who had a 71.

Their 138 for 36 holes was a stroke to the good over Mickey Wright and Sandra Spuzich, who fired 70 and 69 respectively for 139.

The second lowest round of the day was a 67 and it was shot by Beth Stone, an Oklahoma girl, who moved to 140 and a tie with Shirley Englehorn for third. Miss Englehorn, who was tied with Miss Prentice for the first round lead, shot a 73 Friday. The 6,177-yard Glen Lakes Country Club course played to the liking of the women's tour and 14 bettered par.

## Canadian Paces Golf Tourney, Nicklaus Next

NEW ORLEANS (AP) — Although he had clear sailing for a \$5,000 special award and a solid gold cup, Arnold Palmer passed up the \$100,000 greater New Orleans Open. But he was represented Friday by one of the gloves that bears his name.

Freckle-faced George Knudson, a slender Canadian, wore a glove for the first time in four years and perhaps as a result he fired a sizzling six-under-par 66 to grab the second-round lead.

But golf's golden bear, big Jack Nicklaus, was breathing right down Knudson's neck as the field began today's third round. Nicklaus stood at 138, along with Bob Charles, the slender New Zealander who won the 1963 British Open, and tour regular Johnny Pott, who grew up in this state and played his collegiate golf 90 miles upriver at Louisiana State.

"I wore a Palmer glove today," said Knudson with a giggle, "and I played just like Arnie. How about that?"

Knudson, 27, explained the glove bit this way:

"I couldn't hang on to the club last week at Houston and finally I got stubborn and decided that I wasn't hitting it solid. I couldn't hang on to the club because of the sweat."

"So I put it on my left hand and I felt much stronger in my left hand."

Former Masters and PGA champion Doug Ford slipped to a 76 the first day and a 71 Friday. He missed the 146 cut by one stroke.

Other notable casualties included Lionel Hobert, a former PGA champion, and Ken Venturi and Gene Littler, both former National Open titlists.

Frank Beard, the defending champion and winner of two rich tournaments in the past month, had a 71 Friday and stood at 139 along with Jacky Cumt and Mason Rudolph, winner of this tourney three years ago. Beard shared the first round lead here with Gardner Dickinson, who slipped to a 74 and was well back in the pack at 142.

## Andretti Faces Speedway Field For Pole Spot

INDIANAPOLIS (AP) — Traffic officials braced today to funnel possibly 200,000 speed fans into the Indianapolis Motor Speedway to see an international field of drivers battle Mario Andretti for the pole position in the 500-mile race May 30.

The field against Italian-born Mario was precisely the way the 10-mile time trials shaped up.

The U.S. Auto Club's unofficial lap Friday at 169.4 miles per hour against his own one-lap mark of 166.328 and his 10-mile record of 165.899, both set last year in a similar Bravura Hawk.

A half-dozen drivers had shown possibilities of breaking Andretti's '66 records but none had come very close to threatening his new pace.

The potential challengers included Lloyd Ruby, Wichita Falls, Tex., veteran of seven 500 starts, who had been running over 166 m.p.h. in a Mustang Ford, and Roger McCluskey, Tucson, Ariz., the national sprint car champion, who had been in the same bracket in one of Dan Gurney's Eagle Fords.

Gurney, Santa Ana, Calif., himself had been close to 166. Parnelli Jones of Torrance, Calif., the 1963 Indianapolis winner, had been close to 166 in the unorthodox four-wheel-drive STP turbine car and Speedway observers suspected he had not extended it in practice.

Other running over 165 this week included Gordon Johncock, Hastings, Mich., in a Gerhardt Ford; A. J. Foyt, Houston, Tex., the 1961 and 1964 winner, in a Coyote Ford of his own design, and Joe Leonard,

## Spartans Split With Minnesota

EAST LANSING (AP) — Minnesota whipped Michigan State 7-0 in the first game of a Big Ten baseball doubleheader Friday but the Spartans won the nightcap 4-2.

In the first game, two passed balls in the fourth inning and two hits by Minnesota's Bob Fenwick and Dennis Zacho produced two runs. In the seventh inning Minnesota got five runs on five hits, two runs coming on a bases-loaded single by Fenwick.

Gerald Wickman shut out the Spartans on three hits.

In the second game, the Spartans scored three runs in the sixth and overcame a 2-1 Minnesota lead. Singles by Steve Rymal and Harry Kendrick, an error and a two-run homer by Tom Hummel turned the trick.

## Dame Fortune Smiling Brightest On League Leading Detroit Club

BOSTON (AP) — Dame Fortune usually smiles on a winning ball club—and she's smiling her brightest on the Detroit Tigers.

The Tigers managed just four hits but posted their sixth straight victory and ninth in 10 games by edging the Boston Red Sox 5-4 in a comedy of errors Friday night.

"It was a squeaker, but it looks just as good as any other in the win column," Detroit Manager Mayo Smith said.

The Tigers had plenty of reason to be happy after the squeaker. The Red Sox had more reason to be gloomy. Three of Detroit's runs were

scored without benefit of a base hit. Another was unearned. The only untainted Tiger run came on Norm Cash's third homer, a high drive just inside the right field foul pole in the fourth inning.

The fifth—and decisive—run was tallied in the eighth inning against Boston relief ace John Wyatt, who hadn't been scored on in 16 1-3 previous innings. Wyatt was lucky to escape with his life.

With one out, Wyatt walked Al Kaline, Willie Horton came to bat and a couple of pitches later Kaline took off for second.

Catcher Bob Tilton's throw was hard and straight—but it

## Bark River Will Confer Diplomas To 44 Graduates

The Bark River-Harris Public Schools will hold its 1967 baccalaureate service on Sunday, May 14, and its commencement on Thursday, May 18. It is announced by Lloyd H. Bruce, the high school principal.

There is a graduating class of 44 members. Both the baccalaureate and the commencement will be in the Elementary School gym and both will start at 8 p. m.

The baccalaureate program will have Mrs. Elmer Stenberg as organist, the invocation will be by the Rev. Thomas P. Dunleavy, pastor, St. Thomas Church, who will also give the address; Dennis Sundquist will sing, and Nancy Nordin and Kristine Bruce will present an organ-piano duet.

At the commencement program to be held Thursday evening, the address will be given by John A. Moore, personnel supervisor, the Harris-Higher Corp.

Carol Arkins, salutatorian, and Linda Shivers, valedictorian, will speak. The invocation will be by the Rev. Konstantin Wipp, pastor of the Bark River Methodist Church, and the processional and recessional will be played by Mrs. Elmer Stenberg.

Carl Ahlin, president, Board of Education, will award the diplomas and introduce the speaker. There will be a vocal solo by Cynthia Holochwest, and a vocal solo by Nancy Nordin.

Principal Bruce will announce the scholarship recipients and the presentations will be made by Francis Derocher, Legion Post 438, for the American Legion; Leo Knaut, Bark River Lions Club, for the Lions Club awards; and Mrs. Arthur Fournier, American Legion Auxiliary, the Arion Award for Music.

The honor students are Linda Shivers, Carol Arkins and Sonja Bergquist, and other members of the graduating class are:

Shella Arkins, Richard T. Ault, Jerrine Barr, Olive Beauchamp, Kristine E. Bruce, David R. Cmejla, Kathie Dahl, Suzanne L. DeBen, Frances Jean Engel, John R. Fisk.

Judith A. Hanson, Theresa M. Harris, Cynthia Christine Holochwest, Maxine G. Johnson, Susan Marie Johnson, Daniel J. Krause, Leonard James LeClaire, Bonita Gayle Mesigaud, Kathleen Marie Mo to, Gregory J. Niquette.

Nancy Anne Nordin, Gerald Albert Olson, Ruthann Louise Olson, Joseph M. Pach, Judith Mary Palarski, Edward A. Palarski, Linda M. Palmgren, Virginia M. Popin, Herbert E. Peterson, Sandra Louise Peterson, Paul M. Ray, Felix John Sackch, Jr.

Patrick D. Sagataw, A. John Smith, Susan Mary Strahl, Dennis John Sundquist, Carol Anne Trease, Theresa Marie Vandermissen, Robert Whatley, Jr., Dale R. Wojakowski, Dennis L. Zawada.

Anne Martin

Rosemary Tatrow

ANNE MARTIN, daughter of Mr. and Mrs. Orville Martin, is valedictorian of the Garden High School class of 1967. Rosemary Tatrow, daughter of Mr. and Mrs. Carroll Tatrow is salutatorian. Both girls have been members of the yearbook staff for two years, members of the choir for three years and Honor Society members for four years. Miss Martin, who has received a Bay de Noc College Board of Trustees scholarship and a scholarship on high school achievement, plans to enter Bay de Noc College this fall, majoring in science. Miss Tatrow, who served as class secretary during her freshman and junior years, has received a scholarship from the Northern Michigan University Board in Control and will enter NMU this fall to major in social studies.

## Senate Approves Appointments To State Boards

LANSING (AP)—A long list of appointments by Gov. George Romney, including several to university boards of control, were approved Thursday by a 34-0 Senate vote.

The appointees: Northern Michigan University Board of Control — Walter Drevdahl of Sault Ste. Marie, Joseph Gross of Detroit, both reappointed.

Michigan Technological University Board of Control — Russell Hoyer, Hancock, to succeed Louis Verette.

Law enforcement council — George Johnson, Marquette, reappointed.

State Board of Examiners of Sanitarians — Harry Vivian, Laurium, reappointed.

Michigan Historical Commission — Clint Dunathan, Escanaba, to succeed Charles Feinberg.

State Waterways Commission — Robert King, Laurium, to succeed Charles Boyer, Manistee; Leonard Tomson, Grosse Pointe; Volmar Miller, Paw Paw, all reappointed; Frederick Touse Jr., St. Clair, to succeed Louis Freye.

**Decorating With Bunting**  
When red, white and blue bunting is used for decorating a wall or any such item as a speaker's stand, the blue should be on top, white in the middle and the red below.

## Armed Forces Day Observance

## Air Base Invites Public To Open House On May 21

Personnel at K. I. Sawyer Air Force Base, Michigan, will be observing Armed Forces Day on Sunday, May 21, and Col. Robert J. Ray, 410th Bomb Wing commander, extends an invitation to the public to visit the base to see their Air Force in action—and to join in the celebration.

The theme for the day is "Power for Peace."

Col. Bertram G. Brunner, project officer for the open house, said gates to the Strategic Air Command base would swing open to the public at 11 a. m. and remain open until 5 p. m.

Last year, more than 10,000 persons attended the Armed Forces Day celebration. This year, the base is gearing for an expected attendance of 20,000.

During the day visitors will be given a close look at the giant B-52 "Stratofortress" bombers, similar to those that are daily pounding enemy targets in South Vietnam.

Also on display will be the KC-135 "Stratotanker" (often referred to as flying gas stations because of their inflight refueling operations.) The supersonic F-101 "Voodoo" and

F-106 "Delta Dart" fighter interceptors, C-47 "Skytrain" and a T-23 jet trainer will also be shown.

In addition to static displays of aircraft, there will be exhibits of maintenance equipment, survival equipment, a Titan III missile and other displays.

During the afternoon, the Gwin High School Band will perform in one of the hangars. The Silver Echo Drum and Bugle Corps of Munising and the Marquette Majestics Drum and Bugle Corps will also take part in afternoon festivities.

Those who like square dancing should bring their dancing shoes as "Chuck" Jones will

be calling the squares. Dancing will begin at 1 p. m. Refreshments will be available and there will be plenty of free parking.

## Osteopaths Push Plan For College In Pontiac Area

GRAND RAPIDS (AP)—Osteopaths in Michigan are moving ahead on plans for a \$60 million college in the Pontiac area despite rejection of state funds, says the president of the Michigan Osteopathic College Foundation.

Dr. Roy G. Bubeck of Grand Rapids noted recently that state support of the college was denied by only a single vote in the last Legislature. He said the facility would be devoted to the training of osteopathic physicians and could handle up to 100 students the first year.

Dr. Bubeck was re-elected president of the foundation at the group's annual meeting. Other officers are vice president, Dr. George Textor of Flint; secretary, Dr. Neil Woodruff of Flint; treasurer, Dr. J. Paul Leonard of Detroit.

## Production Drops

WASHINGTON (AP)—The output of the nation's mills and factories dropped slightly during April to its lowest level in 11 months, the Federal Reserve Board reported today.

The board said its index of industrial production declined to 153.9 per cent of the 1957-59 base despite an increase in the output of automobiles during April.

## Re-enactment Of Massacre May 27

MACKINAW CITY — Re-enactment of the Massacre at Fort Michilimackinac at Mackinaw City, will be "bigger, better, and nearly everyone in town is involved," according to Earl Vendt, general chairman for the 1967 event. More than 135 townspeople are rehearsing for the Memorial Day Weekend event.

The four-day festival, May 27-30, will be centered around a daily historical drama at the reconstructed fort near the south end of the Mackinac Bridge. The cast includes Mackinaw City residents of all ages, with prominent citizens in the leading roles.

The drama describes the happenings at the fort on the shore

of the Straits of Mackinac, which was built by the French in 1715, and taken over by the British in 1761. In 1763 as part of Chief Pontiac's plan to rout the British from all their forts around the Great Lakes, the entire British garrison was massacred or taken captive. French traders and their families living at the fort were spared.

First presented in 1963, the historical spectacle attracted 10,000 people last year. It is directed by Robert Stern, theater specialist of the Institute for Community Development, Michigan State University.

"The Massacre Re-enactment is only one of the features of the four days," states Vendt. "We will have muzzle-loader exhibitions, Indian dance exhibitions, and a flyover at 2:15 p. m., May 30 by U.S. Air Force Thunderjets from Kincheloe Air Force Base. Special Masses will be said and Protestant services will be held on Sunday, May 28, and there will be memorial services May 30."

The re-enactment will occur each day, May 27-30, at 2:30 p. m. at Fort Michilimackinac, which will open for the season on May 27. There will be no admission charge.

## Hospital Installs New System Of Account Billing

Sister M. Hildegard, O.S.F., administrator, announced today that St. Francis Hospital is introducing an improved patient account billing system this week.

Among the features of the new system are:

A statement format which provides more detailed information on the status of each account.

Programming of the computer which enables the hospital to personalize the billing process to fit the needs of each guarantor. Frequency of statement mailing and the amount of each payment due can be scheduled under the terms of a payment agreement established with each guarantor.

Sister M. Hildegard advised that the new statements will be mailed this week. Persons who have questions regarding their new statements are encouraged to call the hospital credit manager, 786-3311, extension 371.

## Boys, 8 and 12, Held In Marinette For 9 Burglaries

MENOMINEE (AP)—Police at nearby Marinette, Wis., arrested an 8-year-old boy Thursday on charges that he made seven burglaries.

The teacher of a special education class said thefts have been frequent at the school since the boy was enrolled last fall, police reported.

A 12-year-old boy also was held on two counts of burglary, according to Marinette police. He is accused of two break-ins at one home where \$30 and a watch were reported taken. The youths were turned over to juvenile court.
